Progress Report, North Central Accreditation: Dr. Jane Smith, Associate Dean for Academic Affairs, reported that three of four sections of the report are drafted. Data are on the CU home page, and her goal is for individuals to be able to review and comment. To access the data, go to www.concord.edu, select Academics/Faculty, select Accreditation select Self-study for Accreditation Web Site. A mock review is planned for late October when approximately four reviewers (in-state and accreditation personnel) will spend two to three days to identify holes and gaps. Five criteria are used in the evaluation—Mission and Integrity, Dr. Roy Ramthun, chair; Preparing for the Future, Dr. Charles Brichford, chair; Student Learning and Effective Teaching,
Dr. Danette Light, chair; Acquisition, Discovery, Dr. Cheryl Trull, chair; and Application of Knowledge, Engagement and Service, Dr. John David Smith, chair.

**Updates or Questions Regarding Administrative Reports:** Dr. Turner reported that Dr. Terry Mullins has been hired as Associate Professor of Education.

**Action Items:**

a. **Budget** *(attachment 01)* – Dr. Beasley reported that budget planning for FY07-08 is on schedule, and the request before the board is permission to spend at last year’s level. He mentioned two items anticipated in the budget for next year: recommended 5% pay raises effective October 1, 2007, distributed through the respective pay plans. In addition, there would be a provision for the annual faculty/staff increment, as well as provisions for promotions and reclassifications. This means increases for next year will be closer to 6 percent. Preliminary figures indicate there will still be about $460,000 available for investment in Concord’s future. Rather than committing this money now, he intends to continue conversations with the Strategic Planning Committee and others. Board authorization will be requested at a later date.

   Mr. Call called asked how long it will before the Board has the full commitments. Dr. Beasley said his intent is to have it by the next Board meeting.

   Mr. Bailey asked the relative level of faculty compensation based on other institutions in the State. Dr. Beasley said after this increase, among the other four-year institutions, excluding WVU and Marshall, Concord will be competitive within the State, although we will still lag peers in the southern region and nationally. Our funding is about 65 percent of funding for national peers.

   Mr. Bailey posed the same question related to State commitments to Concord as compared to the other four-year institutions. Dr. Beasley said our funding per student in WV is about average but approximately $2000 per student below the SREB average. In fact, WV is last in the SREB state appropriations per student. Ms. Pitzer requested that the expenditure commitments of the $460,000 be brought back to the Board; Dr. Beasley said this is his intent.

   Ms. Pitzer moved the following: Resolved, the Concord University Board of Governors approves authority for the University to operate under a continuing budget resolution at 2007 level.

   Mr. Bailey seconded. Motion carried

   Dr. Beasley added that in doing analysis of where faculty salaries rank compared to others we found our full professors lag even further behind than other ranks. Faculty senate voted for the weighting to be increased for full professors, so included in pay raises is a significant catch-up effort for Concord’s most experienced faculty.

b. **Capital Spending** *(attachment 02a, 02b)* – Mr. Cannon asked if there were any questions regarding the policy as presented in the Board materials. Mr. Bailey asked what State level restrictions govern the Board’s actions relative to capital spending.

   Mr. Cannon said the Board must approve spending over $250,000; HEPC must approve spending over $1,000,000. Board restrictions would involve levels of debt, if projects were to be funded by debt. In terms of limitations regarding how funds may be used, there is a distinction between Education and General (E&G) and auxiliary. We may not take E&G monies to fund auxiliary entities such as the bookstore, housing, dining.
Dr. Akers moved the following: Resolved, the Concord University Board of Governors approves the proposed policy for Capital Spending.

Mrs. Sayre seconded. Motion carried.

c. Emeritus Status (attachment 03) – Dr. Beasley requested awarding emeritus/a status to three, former, long-standing employees who had served the institution meritoriously for twenty-plus years each.

Mr. Brown moved the following: Resolved, that the Concord University Board of Governors approves the awarding of emeritus status to Mr. Gene Fields, Mr. Tom Bone, and emerita status to Mrs. Nancy Meade.

Mr. Long seconded. Motion carried.

d. Sexual Harassment Policy (attachment 04a, 04b): Dr. Turner told the board that formation of this policy has been a two-year process, and numerous individuals have been involved. Significant changes are the inclusion of a section on consensual relations and deletion of a section on immunity for reporting an incident.

Mrs. Sayre noted redundancy in section 4.1, 4.1.1., a typo in 4.2.1, “Presidency” should be President, also in 4.2.1 the need to change “The Office of Social Justice” to the Vice President of Student Affairs. Dr. Turner said he would make the noted changes and review again for other typos.

Mrs. Pitzer asked if someone had a complaint against the Vice President of Student Affairs with whom would the complaint be filed. Dr. Beasley said it would be appropriate to file this with the President. It was agreed this would be included with the corrections. Mr. Quick mentioned 3.2 includes consensual relationships between supervisors and staff, faculty and students, staff and students but 3.2.1 addresses only student-teacher relationships. He asked about other staff members. Dr. Turner said the recommendation received was just for faculty but this could be changed. The decision was made to insert the word “staff” in 3.2.1.1.

Mrs. Sayre moved the following: Resolved That the Concord University Board of Governors adopts the proposed Sexual Harassment Policy, with the recommended changes.

Mr. Bailey seconded. Motion carried. Mr. Call opposed.

e. Performance Contracting (attachment 05) – Mr. Cannon reminded the Board that the institution has gone through a competitive process to solicit proposals for performance contracting. TRANE corporation was selected to conduct a study on what energy savings might be available by updating our 30-year old heating, ventilation, lighting, and water systems. Although the study is on going, Mr. Cannon invited TRANE personnel to make a presentation to the Board. Performance contracting would be paid for using money we are currently paying to either the utility companies or in debt service. (We are paying approximately $322,000 yearly on debt the institution has plus the system debt we are subsidizing.) This debt will pay out in 2012. As of 2013 there will be over $300,000 available to begin investing in campus projects. The proposal is to commit $250,000 to performance contracting to help leverage a $10.5 million benefit. There would be a 15-year capital lease on equipment; the capital lease would be paid for by money we are already spending. He said the request before the Board is to decide if there is enough potential benefit to continue working with TRANE and if so to develop a contract for services.
Dr. Beasley said the resolution to be considered should read as follows, Resolved, the Concord University Board of Governors approves authority for President Beasley to develop a performance contract with Trane Corporation for Board of Governors review. If a contract is developed, the details will be presented to the Board.

Mr. Cannon introduced Mark Donihe of TRANE, who addressed key points of the information in the Board packets as follows:

- WV code now allows institutions to engage in performance contracting.
- TRANE guarantees first-year savings in electricity, natural gas, water, and sewage of about $400,000.
- CU will realize additional operational and maintenance savings, basically costs to be avoided in the future because of replacement of worn-out equipment.
- A 3.5 percent increase in Towers dorm fees has been proposed to offset additional cost of air-conditioning these facilities.
- In the detailed audit, TRANE found approximately $25,000,000 worth of things the University has asked for or could be improved. TRANE and a campus committee have developed a priority list.
- In sum, CU will receive $10.5 million worth of benefits, infrastructure upgrades, and new equipment paid for over a period of time with money we are already spending.

Mr. Bailey mentioned the broad scope of the project and asked how this initiative was determined. Mr. Cannon explained that performance contracting has been discussed by Chief Financial Officers for sometime, but there had been no guarantees for work of this nature. With the passage of legislation allowing performance contracting and the institution’s need for improvements, a committee was formed to consider the project and identify priorities—windows and walls in Towers, HVAC systems in Science building and Marsh Hall, and items in the Student Center. TRANE performed the audit and the University entered into an agreement that if we chose not to go forward with a contract the University would reimburse TRANE the cost of the audit.

Dr. Rowe reminded the Board that last year they had approved a library renovation project and he recommended including the library in TRANE’S improvements, at the very least he requested that a member of the library staff be included in committee discussions.

Mr. Bailey asked about the guarantee and TRANE’s experience in these types for projects. Mr. Donihe said in the last five years TRANE had done approximately $50,000,000 in performance contracting – three projects for the VA Department of Mental Health, a $4 million project for Wise County Schools, and projects for Tazewell and Lee County schools. The have had no experience with colleges or universities with the exception of a small job for Hampden/Sydney.

Mr. Bailey asked if the Board would be required to issue an RFP for the implementation or do we now have the ability to sign a contract with TRANE. Mr. Cannon said he believes the current RFP is sufficient but since CU is the first small school in the State to engage in performance contracting, he will be working closely with HEPC staff.

Mrs. Pitzer asked for an explanation of the redirection of debt funding. Mr. Cannon explained that between systems funding and the 1989 renovations of the Science and Administration buildings there was debt in Concord’s name of about $1,200,000. The payout will be complete in 2012. He said an option is to use $250,000 of this by redirecting it to fund part of the performance contract.
Mr. Call moved the following: Resolved, the Concord University Board of Governors approves authority for President Beasley to develop a performance contract with Trane Corporation for Board of Governors’ Review.

Mr. Bailey seconded, Mrs. Pitzer requested the record show she abstained. Motion carried. When asked why she abstained, Mrs. Pitzer stated she is not convinced of the savings. She said this is a long-term commitment and a lot of money, which could mean increases for our students.

f. Paving College Courts Parking Lot (attachment 06) - Mr. Cannon reminded the Board of the April 2006 approval of the College Courts Parking Lot Project, which included paving. Paving this lot will yield over 200 parking spaces.

Mr. Long expressed his concern that there was only one bid, which seems excessively high. Mr. Cannon said we advertised extensively, and we believe the bid is a fair price, especially since this paving will be combined with paving the Rahall Center parking lot, and the bidder did not know there would be no competitive bids.

Mr. Long asked if we can do something in an attempt to attract additional bids. Mr. Call asked how long it would take if we do re-advertise. Mr. Cannon said approximately four to six weeks.

Mrs. Pitzer asked if the project will be complete by the beginning of fall semester. Mr. Cannon said that if we are going to get this project done this summer, we need to move now; this is part of the contract.

Mr. Call asked if curbing is included. Mr. Cannon said SWOPE will do the curving and the power has already been laid for the lighting in the islands.

Mrs. Pitzer asked the source of the funding. Mr. Cannon said from housing and capital funds.

Mr. Bailey moved the following: Resolved, The Concord University Board of Governors approves paving of the College Courts Parking Lot at a cost of $272,796.

Mrs. Sayre seconded. Motion carried.

8. President’s Report – Dr. Beasley said the report included in the Board packet is the beginning of a draft he is preparing, which in part is an institutional analysis the Presidential Search committee may want to consider as they begin the search for a new president. He said he is following a format suggested by the Association of Governing Boards, but he will also address items specific to Concord. He said he will share more in the future, and he would like Board members to suggest areas they would like him to address.

He said the Alumni Association has joined the Foundation in fund raising efforts for University Point. Approximately six to seven hundred thousand additional dollars need to be raised. He said we have made a proposal to the Shott Foundation also.

SWOPE should be finished with the Rahall Center soon and a building dedication is planned Homecoming Day, October 6, 2007.

He said we must pass muster with North Central and he mentioned two initiatives under way. Dr. John David Smith and committee are developing a First-Year Experience course that will be a requirement for all incoming freshmen this fall. Dr. Bill O’Brien is developing an academy for adjunct faculty, which could be beneficial to our adjunct professors and high school dual-credit teachers. There is a great need to mentor, orient, and support these professionals.
In a recent meeting with classified employees, rising energy costs were discussed, especially as it relates to commuting costs for employees and students. In some cases, commuting costs are 1 percent of an employee’s salary. Two possible solutions were discussed, a four-day work week and housing opportunities closer to the University. In September, Robert Barron, formerly associated with the Rouse family development interests, will be making an on-campus presentation on community living opportunities. Information will be shared with both the Strategic Planning Committee and the Board.

In the next few months Dr. Beasley will be evaluating cabinet officers and individuals who report to him. He said he will discuss with the three vice presidents for whom the faculty and classified staff recently took votes of confidence/no confidence reasons for these votes. Some concerns are legitimate; some are based on misinformation.

He ended by saying he will assist the Presidential Search Committee in any way the Board sees fit.

9. Election of Officers – Mr. Rogers reminded the Board of the need to elect a chair, vice-chair and secretary for the next two years.

    Mr. Call nominated Mr. Long for chair. Mr. Meisel seconded. Nomination passed.
    Mrs. Sayre nominated Mr. Bailey for vice chair. Nomination passed.
    Mr. Long nominated Mrs. Sayre for secretary. Dr. Akers seconded. Nomination passed.

10. Executive Session - Pursuant to WV code §6-9A-4, Mrs. Pitzer moved to adjourn to executive session. Mr. Brown seconded. Motion passed.

    Returning to meeting of the full Board, Mr. Rogers asked for a motion regarding Dr. Beasley’s contract for FY’07-08. Mr. Long moved for an 8 percent increase, subject to approval by HEPC. Mrs. Sayre seconded. Motion carried with one no vote.
    Mr. Bailey stated that we need to insure that Dr. Beasley’s professorship, under his contract, is included in the budget for the “out years,” however long this is. Eighty percent of his current salary is to be available to him for a period of time.
    Appreciation was expressed to Mr. Call for his service on the board, and to Mr. Rogers for his service as chair.
    Dr. Akers moved for adjournment. Mr. Bailey seconded. Meeting adjourned.

Respectfully submitted,

______________________________________________________________________

Meeting of June 19, 2007

ITEM: Approval of Sexual Harassment Policy

COMMITTEE: Not Applicable

RECOMMENDATION: Resolved, That the Concord University Board of Governors adopt the proposed Sexual Harassment Policy.

STAFF MEMBER: Dean Turner

BACKGROUND:

Concord’s Sexual Harassment Policy (Effective Date June 15, 1998) requires regular review and updates. In 2005 the Sexual Assault Response Team (SART) drafted policy changes and sent these to the Administrative Policies and Procedures Committee (APPC). These changes were incorporated by the APPC into at significantly revised draft which was then considered, revised again, and approved by the Faculty Senate on May 9, 2006.
The draft adopted by the Faculty Senate was converted to policy format and put-out for public comment late fall 2006. Comments received were considered and a revised draft was again circulated for public comment, March 2007. Additional comments received after the April 26, 2007 deadline were considered, additional revisions in policy format were incorporated and the final iteration of the policy is attached for Board of Governors review.

The significant policy changes in the process noted above were:
1. The section on consensual relations was removed from the APPC version by the Faculty Senate. A format-modified version has been reinserted in the attached draft (see 3.2) based on comments received and a historical need for specific guidelines. On average, Concord investigates one complaint of consensual relations between a faculty or staff member and a student annually with some complaints leading to the filing of a grievance.
2. A section on Immunity for reporting an incident was deleted after the initial comment period based on HEPC General Counsel Bruce Walker’s legal opinion.
CONCORD UNIVERSITY BOARD OF GOVERNORS
POLICY NO.__________
SEXUAL HARASSMENT POLICY

PREFACE

Concord University is committed to providing faculty, staff, and students with a work and educational environment free from all forms of sexual harassment. Therefore, sexual harassment, in any manner or form, of Concord University students and employees is a violation of University policy and expressly prohibited. Sexual harassment is demeaning, degrading, and illegal. It affects an individual’s self-esteem, and can have a negative impact on an individual’s work or academic performance. Therefore, this policy shall encompass all academic faculty, including adjunct and temporary; all staff and other employees on the University payroll; and students enrolled in programs under the auspices of Concord University. It is the responsibility of the University to provide educational opportunities and to take appropriate corrective action when sexual harassment is reported or becomes known. Moreover, it is the responsibility of the University to keep this policy up-to-date and distribute this policy to the University community through publications (particularly faculty and student handbooks), websites, new employee orientations, student orientations, and other appropriate channels of communication.

SECTION 1. GENERAL.

All results shall be reported to the President, who will carry out sanctions if warranted. If criminal activity is determined, the Vice President of Student Affairs, Office of Social Justice shall report its findings to both the President and the Office of Public Safety.
During all interviews regarding a sexual harassment charge, both the complainant and the accused shall have the right to be accompanied by an advocate or professional counsel. 4.2.2 The University’s Vice President of Student Affairs Office of Social Justice shall:

4.2.3.2 Take no retaliation or reprisal against the complainant, others related to the complainant, or persons involved in the complaint investigation.

4.2.4 The complainant is responsible for:

4.2.4.1 Whenever possible, attempting to resolve complaints through their or the accused’s supervisor. If such discussions fail to resolve the complaint, the complainant may seek a review of his or her complaint in accordance with subsections below.

4.2.4.2 Contacting the University’s Vice President of Student Affairs Office of Social Justice, the Office of Public Safety, and/or SART for advice and/or counseling if there is a concern about being sexually harassed, and

4.2.4.3 Filing a complaint of sexual harassment with the University’s Vice President of Student Affairs Office of Social Justice, as set forth herein, if the situation remains unresolved.

4.2.5 No employee of the University shall retaliate against either a complainant or respondent or any witness, or against any person whom s/he believes to be either a complainant or respondent or witness, nor will s/he encourage any other person to do so.

SECTION 5. ACTIONS TO BE TAKEN

5.1 ENGAGED IN SEXUAL HARASSMENT: Any student, supervisor, agent or other employee who is found, after appropriate investigation, to have engaged in the sexual harassment of another employee or a student will be subject to appropriate disciplinary action. Depending on the circumstances, sanctions may include termination of employment or expulsion.

5.1.1 This section does not limit the University’s right and authority to discipline any respondent who has been found to have committed sexual harassment.

5.2 DISHONEST OR FRIVOLOUS COMPLAINTS: Any student, supervisor, agent or other employee of the University who is found, after appropriate investigation, to have engaged in intentional false accusation, or the bringing of false charges shall be subject to disciplinary action, which could include suspension or expulsion to the extent allowed by the Board of Governors.

5.3 CONFIDENTIALITY: The confidentiality of all parties involved in a sexual harassment charge shall be strictly respected insofar as it does not interfere with the University’s obligation to investigate misconduct allegations and to take corrective action.
