

University Technology Committee  
January 7, 2015

In attendance: Kevin Bennington, Chuck Elliott, Dan Fitzpatrick, David Hill, Amy Pitzer, Debbie Turner, and Terri Philpott. Guest speakers included: Jamie Boggs, Sid Hatfield, Steve Meadows, and Shani Salifu.

This meeting was scheduled for the purpose of planning activities for the semester. Again, turnout was low. No decisions were made. Some recommendations noted, for the record, include:

- The Executive Summary from the 2014 Network Security Assessment would be shared with the committee.
- A proposal to use the computer lab in B-8 of the Library as a Testing Center would be forwarded to the VPAD.
- The Acceptable Use Policy should be revised as needed and submitted to the Board of Governors.
- Office 2013 deployment should be accompanied by also including an open-source alternative such as Open Office or Libre Office.

Next meeting scheduled for January 14, 2015 at 3:00 PM in Rahall 200.
