

Technology Committee Minutes
November 16, 2011

In attendance:

Steve Meadows – IT Services
Cindy Khanlarian – Business Division
Kathy Mills – IT services
Susan Cheek – Beckley
David Hill – Natural Science
Jamie Boggs – IT Services
Delano Sweeney - IT Services
Mitzi Litton – Language and Literature
Diane Grych – Education
Terry Phillipott – Student Support
Kevin Bennington – Fine Arts
Amy Pitzer – Advancement
George Towers – Dean’s Office

Minutes were presented for the 10/12/11 meeting and accepted with a motion by D. Hill and a Second by Terry Phillipott.

Reports

Sweeney reported back from a statewide teleconference that multiple state institutions will be using Argos. The time frame for functional test is two weeks. Discussion ensued about the use for accreditation and the ability for users to customize their own SQL queries. “On demand” reports can be placed on www.concord.edu for anonymous views of CU stats. IT services will still have to write “blocks” to make data accessible for CU community. Delays in rollout to community will be the aforementioned “blocks” that need to be written to supplement the “canned” blocks that are included.

Action

Web publishing procedure was distributed by Towers. The procedure was approved with minor revisions.

Users satisfaction survey is on hold

Online Student Evaluation **test** is ready for use for this semester.

Discussion of reporting structure for this committee and what ability we have to create/recommend “procedures” etc.

Meeting was adjourned with a motion by Hill and a second by Philpott.

Minutes prepared by Steve Meadows.

Minutes approved at the March 28, 2012 meeting.
