

Technology Committee minutes, May 3, 2012

The meeting began in Rahall 200 at 3:00.

Present: K. Bennington, J. Boggs, S. Hatfield, C. Khanlarian, S. Meadows, K. Mills, T. Pack, T. Philpott, St. Rowe, S. Salifu, D. Sweeney, G. Towers

Minutes: The minutes of the April 11 meeting were reviewed and approved by the committee.

CTO Search: Towers and Mills provided a status report on the CTO search.

Technology Survey: The surveys of students, faculty and staff were distributed and reviewed. Upon revision, the committee recommended that the surveys be administered.

Hosting with WVNET: Sweeney presented a financial analysis of hosting Banner services with WVNET. His research indicates that the arrangement promises to increase and improve services including system redundancy and support while reducing costs.

Students ID pictures on CourseWeb: Boggs announced that the pictures have been made available on CourseWeb.

Degree Works: Sweeney reported that he, Pack, and other CU staff have received training on Degree Works. The program has been installed in a test environment.

Instructional technology: Salifu and Mills reported on Blackboard training sessions. Salifu announced that training for Quality Matters certification is available. Mills reported on progress with enhancements to UNIV 100.

The meeting adjourned at 3:46.

Minutes prepared by Towers.
