CONCORD UNIVERSITY HONOR CODE

As a member of the Concord University Community, I will act with honesty and integrity in accordance with our fundamental principles, and I will respect myself and others while challenging them to do the same.

THE PURPOSE OF CONCORD UNIVERSITY

Concord exists to improve the quality of life of the people and communities we serve.

THE VISION OF CONCORD UNIVERSITY

*Concord, the university that transforms and enriches lives throughout Central Appalachia and beyond.*

Concord University will expand its capacity to provide transformative educational experiences that empower students and alumni to enrich their lives and communities. Concord will increase its impact on the region and the world through the leadership and service of our informed and civic-minded students, alumni, faculty, and staff.

THE MISSION OF CONCORD UNIVERSITY

The mission of Concord University is to improve the lives of our students and communities, through innovative teaching and learning, intellectual and creative activities, and community service and civic engagement.

Concord University provides accessible, affordable, high-quality, student-centered teaching and learning opportunities strengthened by integrated support services and co-curricular programs.

Concord’s rigorous, market-driven programming provides:
- Current professional knowledge and essential communication.
- Numerical, critical thinking.
- Reasoning skills that are necessary for life-long success in a dynamic and culturally diverse world.
Concord’s mission immerses people in intellectual inquiry to expand knowledge, encourages and supports creative activities and the arts, and contributes to community engagement and economic development to enhance the quality of life in the region and beyond. Concord’s mission will achieve our vision to transform lives, enrich our communities, and prepare leaders for service regionally, nationally and internationally.

**ASESSMENT: ASSESSMENT OF STUDENT LEARNING**

The Concord University faculty has developed programs to assess the academic achievement of the University’s students. The assessment program is linked to the University’s mission and educational goals. The assessment at Concord has two important roles: institutional quality and accountability. The University uses various measures to assess student attainment to analyze and improve the quality of Concord’s education programs. These assessment measures are used in the continuing evaluation of curricular and instructional decisions that are aimed at improving student learning outcomes. An integral part of the program is the assessment of student learning in the major and general education programs. However, Concord strives to involve all educational support areas in the assessment process. All programs assess the learning environment and what changes might be made to maximize the learning experience. Assessment of student learning is ultimately the systematic collection, analysis, and use of information to improve student learning outcomes.

**EDUCATIONAL GOALS**

**Concord University Goals Preamble**

Concord University strives to ensure that students come away from their experience with knowledge and skills that will enable them to fulfill their personal and professional aspirations and awareness concerning their chosen discipline. The learning goals and outcomes are derived from national research and best practices surrounding liberal arts education and Concord University’s mission. The goals are a shared vision of what is expected of all Concord graduates. The educational programs of Concord University are designed to foster knowledge/mastery of content, critical thinking, communication, and personal, civic, cultural, and global competence.

General education, the core of all undergraduate curricula, is an essential element in an educational process designed around student learning expectations. Continuous improvement of courses, curricula, and programs is vital for institutions to ensure the progress and sustainability of student learning and effective instruction. Assessment of general education is not only necessary to satisfy accrediting bodies and stakeholders but to provide evidence to answer our own question – Did students learn what we wanted them to learn? (Assessing General Education Programs, Allen, 2006)

**University Goals and Learning Outcomes**

1. **Knowledge/Mastery of Content**
   Students will demonstrate a depth of knowledge and apply the methods of inquiry in a discipline of their choosing, and they will demonstrate a breadth of knowledge across varied disciplines.
2. **Critical Thinking**  
Student will demonstrate the ability to access, analyze, and interpret information, respond and adapt to changing situations, make complex decisions, solve problems, and evaluate actions.

3. **Communication**  
Students will demonstrate the ability to communicate clearly and effectively.

4. **Personal, Civic, Cultural, and Global Competence**  
Students will demonstrate awareness and understanding of the skills necessary to live and work in a diverse world.

**A Statement on the Philosophy of Assessment and Our University Goals**

Concord’s mission is clear: to improve the lives of our students and communities through innovative teaching and learning, intellectual and creative activities, and community service and civic engagement. Our university goals are the principal means to assess the effectiveness of our efforts to accomplish that mission. They provide a measurable, manageable, and efficient means of assessment. They render us accountable to our students, faculty, administrators, and as a public university, the wider community. They provide a comprehensive definition of the parameters of our mission. Finally, they are inclusive and applicable to all of Concord’s academic programs, co-curricular and other activities (T.J. McKenna, 2018).

**STUDENT PARTICIPATION IN ASSESSMENT**

Active student engagement in the assessment of learning is imperative to an effective, systematic approach to continuous improvement efforts of general education and programs. While most assessment activities are embedded assignments in courses and/or programs, students are also expected to voluntarily participate in other indirect assessment measures, especially in completing surveys for the University’s assessment activities. As freshmen and seniors, students are expected to complete incoming and exit surveys regarding attitudes toward and development of the University’s learning goals and experiences. Periodically, the University may engage in a nationally normed or university-specific survey and request students to participate and complete it. As students, it is your responsibility and privilege to share with us your experiences at Concord University. We appreciate your cooperation with our assessment efforts!

**THE RELATIONSHIP BETWEEN STUDENTS AND CONCORD UNIVERSITY**

Concord University is a community of students, faculty, staff, administrators, and alumni joined together in the common pursuit of enlightenment. As a result, the curriculum is rich and varied.

Attending a university is a privilege, as well as an opportunity. The tuition and fees that students pay cover only part of the cost of attendance. The balance is invested in the future of Concord University students by the State of West Virginia and donors. In its responsibility for this investment, the University has an obligation to maintain itself as a recognized institution of higher education, offering
programs of high quality and awarding degrees that are respected both in and out of the state and globally.

In accepting admission to Concord University, the students must realize that they are not purchasing an education, for that is impossible. The student buys the opportunity to achieve an education, including developing skills, ideas, and attitudes in a place where the main purpose of all facilities and activities is dedicated to the task. The opportunity carries within it an obligation to observe the regulations, practices, and goals of the University.

State Legislation establishes some of the University regulations in policies of the West Virginia Higher Education Policy Commission or through standards set by national accrediting agencies. Others concern academic procedures that make our degree a meaningful mark of educational achievement. Some regulations keep the campus an orderly and attractive place to live and study, protecting all activities from disruption by a few. Other regulations merely reflect good taste and manners. Just as students ultimately are responsible for their education, so upon them rest the obligation to read, know, and observe the regulations of the University contained in the most current issue of the Concord University Academic Catalog and this Handbook.

BRIEF HISTORY OF CONCORD UNIVERSITY

Concord University was established on February 28, 1872, by an Act of the West Virginia Legislature. The early founding years were difficult, but on February 22, 1874, the cornerstone of the first building was finally laid. Instrumental in obtaining the land and buildings were W. H. Martin and Captain William Holroyd, residents of the then town of Concord Church, now called Athens.

Captain James Harvey French was appointed the first teacher and principal of Concord Normal School. On May 10, 1875, Concord Normal School officially opened. In 1886, the Normal School, through appropriations from the State Legislature, was housed in a large and handsome building on the site of the present Athens School on South State Street. On November 22, 1910, a fire destroyed the structure. The present location of the erected central building was the new location for the Normal School.

On three occasions, the Legislature recognized Concord's expanding educational mission by changing the institution’s name. In 1931, the Legislature amended the name from Concord State Normal School to Concord State Teachers College, and in 1943, they officially shortened the name to Concord College. Finally, in 2004, we became Concord University.

THE MARSH MEMORIAL CARILLON

The Marsh Memorial Carillon at Concord University is the first and only true carillon in West Virginia. With its 48 bells, the largest bell (called “the bourdon”) weighing 4,310 pounds, and its four-octave musical range, it is a world-class instrument and classified as a “grand” or “concert” carillon.

Concord University is committed to fostering a learning environment that values the development of human potential, cultural and ethnic diversity, inclusion, justice, and employment. Students are considered for admission, employment, and access to programs based on individual merit. Concord University (CU) strives to promote equitable and fair treatment in every aspect of campus life for all persons, regardless of race, ethnicity, religion, gender (including pregnancy), sexual orientation, gender identity, national origin, age, marital status, veteran or military status, disability, or genetic information.

This non-discrimination statement also applies to all educational programs, including other related activities covered under Title IX, which prohibits gender discrimination in higher education. Students may contact the Title Coordinator at 304-384-5289, the Vice President of Student Affairs and Dean of Students at 304-384-6035, their Academic Advisor, Resident Director, or the Counseling Center at
Section II. CONCORD UNIVERSITY TITLE IX

2.1 U.S. Code, Title IX of the Higher Education Act (Amendments of 1972)
No person in the United States shall, on the basis of sex (gender), be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any educational program or activity receiving federal financial assistance.

2.1 Gender Discrimination, Sexual Misconduct, and Harassment Complaints

Title IX of the Education Amendments and Concord University Policy prohibits discrimination in services or benefits offered by the University based upon gender.

Sexual harassment is a form of gender discrimination and therefore prohibited under Title IX. Sexual harassment is defined as unwelcome sexual advances, requests for sexual favors, and other verbal, visual, or physical conduct of a sexual nature.

Concord University will not and does not tolerate sexual harassment or sexual assault. The University herein affirms that employees have a right to work and students have a right to study in a positive atmosphere free from sexual harassment and abuse.

The following are examples of types of conduct that may constitute sexual harassment and/or sexual assault:

- Inappropriate touching, patting or pinching
- Physical assault or coerced sexual activity
- Non-consensual sexual contact
- Demands or subtle pressure for sexual favors
- Obscene phone calls, texts, email, other social media, or gestures
- Bullying
- Stalking

Any person (student, faculty, staff, or guest) who believes that discriminatory practices have been engaged in based upon gender may discuss their concerns and file informal or formal complaints of possible violations of Title IX with the Title Coordinator.

Section III. STUDENT TITLE IX GRIEVANCE PROCEDURE

An internal grievance procedure provides for prompt and equitable resolution of complaints alleging any action prohibited by Title IX of the Education Amendments of 1972.

a. Internal University Complaint Process
Title IX complaints should be addressed to Dr. Joan Pendergast, Title IX Coordinator, P.O. Box 1000, Concord University, Athens, West Virginia 24712-1000 (304-384-5289), who has the designated administrative responsibility for Title IX compliance efforts.
1. A complaint should be filed in writing, electronically (email or online complaint form), or verbally; contain the name, address, and contact information of the person filing it; and briefly describe the alleged violation of the regulations. (See Concord University Board of Governors Policy No. 37 Section 7.3 regarding the filing of complaints.)

2. A complaint should be filed promptly, although there is no time limitation on the filing of reports, as long as the accused individual remains subject to Concord’s jurisdiction.

3. The respondent (accused) will receive notification, in writing, of the charges, including the level of policy elements that will be included in the investigation, and will be apprised that no retaliation may occur.

4. The University may initiate measures to ensure the safety of the complainant and the campus community. If the respondent is removed from campus due to safety concerns, this decision may be appealed.

5. The respondent may file a written response to the complaint within five business days, whenever possible.

6. The respondent and the complainant will have the opportunity to meet separately with the Title IX Coordinator or designee to review the policy and procedure.

7. If criminal activity is involved, the Office of Public Safety will be notified.

8. Both the complainant and the respondent have the right to be accompanied by an advocate in all proceedings.

9. Both the complainant and the respondent have the right to submit evidence, including written materials. The burden of proof rests with the University, not the parties involved.

10. An investigation, as may be appropriate, will follow a complaint filing. The investigation will be conducted by individuals designated by the Title IX Coordinator or their designee(s). These investigators will gather any pertinent documentation materials and may interview the complainant, respondent, and any witnesses.

11. To the extent possible, confidentiality will be maintained. The respondent will be apprised to maintain confidentiality, and the complainant will be encouraged to do so. However, some level of disclosure by the University and investigator(s) may be necessary to ensure a complete and fair investigation.

12. A written determination as to the findings and conclusions will be issued by the investigator(s). Both the complainant and respondent will be notified of the outcome of the resolution, ideally within 15 working days of the investigators’ report. The complainant and accused will be notified of any further action and any University imposed sanctions, including referral to a University Hearing Board.
13. An appeal is required for any decision made.

14. Any acts of retaliation are strictly prohibited and may result in separate charges.

15. Upon the filing of the complaint, both parties will be provided supportive measures, including but not limited to counseling.

3.1 External Complaint Process

The U.S. Department of Education’s Office for Civil Rights (OCR) is the federal agency responsible for addressing complaints related to discrimination on the basis of sex. Complaints must be filed in a timely manner with OCR. Information on how to file a discrimination complaint with the OCR may be found online via [http://www2.ed.gov/about/offices/list/ocr/docs/howto.html](http://www2.ed.gov/about/offices/list/ocr/docs/howto.html).

Concord students are automatically enrolled in the Follett ACCESS Program, a partnership between CU and the Campus Store that allows students to receive their course materials at a significantly reduced cost.

Follett Access is an all-access course materials program allowing students to have their materials by the first day of class. The materials cost is included in tuition for one flat rate and is eligible to be covered by financial aid. Students will have ACCESS TO ALL COURSE MATERIALS FOR $25.00 PER CREDIT HOUR. Studies show that student success increases when students have the correct learning materials from the start of class.

**Material Options**

This program provides digital materials.

Digital materials are provided to students directly through Brytewave/Redshelf on day one of class. You will receive an email with a link to your digital material. Please check spam/junk folders if you don't see it in your inbox. If you don't receive the link you can log into Brytewave/Redshelf with your concord email and you will find your materials in your bookshelf.

Online access to the eBooks is available on nearly any device and in any space. Some eBooks can be downloaded directly onto a tablet or laptop. On the other hand, if a professor chooses to use a physical textbook, lab manual or supplies, students are notified via email to pick up their book at the bookstore. FOOD PANTRY
Located in the Nick Rahall Technology Center Atrium (next to the sand volleyball court), the CU Food Pantry is a free resource available 24/7 for those who need assistance. The purpose of the CU Food Pantry is to provide CU students who may not always have the resources to buy food or other essential items. If a student is hungry, it is unlikely they will be able to focus on doing what it takes to be a successful college student. Therefore, ensuring that students do not go hungry is another way we support our students at Concord.

There are also Food Pantry items located in the Student Center, first floor, in the lockers near Subway Sides as well as in the Library. These locations are accessible during normal business hours.

The Concord community can donate or utilize non-perishable food items, toiletries, and health and hygiene items. The pantry also stocks various student and office supplies. We ask that you don’t take more than you need and that, if possible, you donate listed items to ensure we have a fully stocked pantry.

The Food Pantry is managed by the Office of Veteran Services. Please feel free to contact veterans@concord.edu or 304-384-6300 if you have any questions. You can also visit our web page at Food Pantry | Concord University.

In 2019, Concord University was the first public university in the state of West Virginia to develop an Esports program. Ever since, Concord Esports has been a powerhouse within Call of Duty, finishing the first two seasons in the top 3! We also finished in the top 20 during our 2022 season. The 2021-
2022 seasons were the first seasons where all our teams made playoffs. Our goal is to continue that trend every season!

We currently compete in Overwatch 2, Valorant, Call of Duty, Smash Bros Ultimate, Rocket League, NBA 2K, FIFA, and Apex Legends. We are getting back into League of Legends in 2023, and will be introducing Madden and Halo for the first time in 2023.

The mission of the Intramural Sports Program under the Department of Campus Recreation and Wellness at Concord University is to provide a wide range of individual and team activities at both a competitive and a recreational level to students, faculty, staff, and other members of the university community. Our purpose is to provide exercise, recreation, and fun to our participants in a relaxed yet structured environment. Intramural Sports promote teamwork and personal accomplishment, mutual respect and integrity, competition, recreation, and skill and exercise. Everyone is encouraged to play to the best of their abilities; however, a win-at-all-costs attitude is inappropriate and strongly discouraged. The genuine value of Intramural Sports comes from playing, not from winning. Students should read their emails for notices about intramural sign-ups.

The McNair Scholars Program is a federally funded TRIO program that prepares undergraduate students to pursue a Doctoral Degree. The program provides access to training and resources designed to make the transition into a graduate school or professional program smooth and successful. Each scholar must conduct a faculty-supervised research project, complete a summer internship at Concord University, and visit prospective graduate schools. During the internship, scholars receive individual assistance with the graduate school application process and participate in various personal and cultural enrichment activities. They also have the opportunity to attend a national McNair conference. Students may qualify for the McNair Program in one of two ways: either as a minority recognized by the federal government as underrepresented in graduate school or as being of first-generation and low-income status.
The Library is named in honor of a former Concord College President, Joseph Franklin Marsh, Sr., and provides research materials for students, faculty, and staff. As the largest library south of Charleston, West Virginia, the Marsh Library provides access to over 170,000 items. Built in 1941, the Library was expanded by an addition in 1980 and provides seating for 200.

**VETERAN SERVICES**

veterans@concord.edu

Concord University thanks our veterans for their service to our country! We are committed to repaying our veterans for their sacrifices by ensuring all veterans receive every possible opportunity to gain valuable education, including offering several options for veterans using their VA educational benefits and financial aid.

Additionally, we have various resources on-campus for our Veterans, including the Veteran’s Advocate responsible for ensuring that veterans’ concerns are addressed. From counseling, tutoring options, a Vet-to-Vet mentor program, and financial needs to housing, our Veterans Office is here to assist YOU in any way possible. Concord also has a Veterans lounge adjacent to the Veterans Services Office. It is a place for veterans to relax or study with fellow veterans.

**SERVICES TO OFF-CAMPUS STUDENTS**

Concord makes every effort to identify and deliver the necessary support service to its off-campus students. Such services include:
Computer Services: All Concord students have access to Microsoft Office 365 email and calendaring system. The student email service can be accessed within your MyCU account, by going to [http://mail.office365.com](http://mail.office365.com) or by setting it up on your smartphones. See [https://www.concord.edu/about/important-offices-centers/technology-services.aspx](https://www.concord.edu/about/important-offices-centers/technology-services.aspx) for more information.

Tutoring Services: Students can register to receive tutoring help in specific classes or to serve as tutors in classes where they have excelled. Student-tutors are usually paid minimum wage for their services. Free virtual tutoring is available through our drop-in tutoring program. Visit [https://www.concord.edu/student-life/cacd/academic-success-center/tutoring-services.aspx](https://www.concord.edu/student-life/cacd/academic-success-center/tutoring-services.aspx) for more information.

Student Photo Identification: All Concord University students, including those attending off-campus locations or taking online classes, should have a valid Student Photo ID card. Students attending the Beckley campus (Erma Byrd Higher Education Center) may have a photo taken in the CU office. Others should contact the Student Center Office at 304-384-5310 for instructions.

Campus Store: In addition to class textbooks, Concord sweatshirts, caps, Mountain Lion apparel, pens and pencils, supplies and other logo items are available.

ACADEMIC SERVICES AND POLICIES

Information regarding academic policies and procedures of Concord University is found in the Academic Catalog. Current and archived copies are available online at [http://catalog.concord.edu](http://catalog.concord.edu).

Numerous resources are available to assist you with your course of study. Concord prides itself on being student-friendly. Each student at Concord is assigned a faculty advisor who can assist you with planning your academic career and course selection. Your faculty advisor will be assigned before registration, and they can help with questions you may have concerning your field of study. If you do not have an academic advisor or do not know who your advisor is, contact the Registrar’s Office or the Center for Academic and Career Development (CACD) (Student Center Suite 1; 304-384-6074; cacd@concord.edu)

STUDENTS ARE ULTIMATELY RESPONSIBLE FOR THEIR EDUCATION, WHICH INCLUDES READING, KNOWING, AND OBSERVING THE REGULATIONS OF THE UNIVERSITY.

PRE-REGISTRATION AND CLASS ATTENDANCE
If a student does not attend the first session of a class, the student may be dropped from the class. Contact your instructor if you will be unable to attend the first-class meeting to not drop you from the course.
ADDING AND DROPPING CLASSES

Students may not add a class that has already met for four instructional hours or after the beginning of the second instructional week of the class, whichever comes first. Forms for adding courses can be obtained from the Registrar’s Office. Students fill out the form, get approval from their academic adviser and the courses’ instructors, and return the completed form to the Registrar’s Office.

Filling out the form obtained in the Registrar’s Office will allow you to drop classes. Courses dropped will not appear on the student’s transcript. By the end of the fifth instructional day of a semester or the third instructional day of a summer term, the course(s) must be dropped. The students will not be charged for any classes dropped within the first five days of the regular semester or the first three days of a summer term. Financial aid will be determined on enrollment status at the end of business on the fifth day of a regular semester or the third day of a summer term.

The deadline for dropping classes with a grade of W will be the end of the ninth instructional week of a semester-long course. Courses conducted over a period of time less than a full semester may be dropped up to the third-class meeting. The deadline for dropping during a summer term will be based on the same ratio as the ninth week of a regular semester.

A student dismissed from class for disruptive behavior will receive a grade of F and may not subsequently withdraw from the class. Each student who remains enrolled in the course past any of the above deadlines must be assigned a grade from the following: A, B, C, D, F, I, or P. A student who does not attend the first session of a class for which they are registered/wait-listed or stops attending a course within the first five days of a regular semester (first three days of a summer term) may be removed from the course by instructor request for non-attendance. However, it is ultimately the student’s responsibility to ensure the proper addition/deletion of courses within their semester schedule.

Any student who wishes to withdraw from all courses of enrollment for a semester/term should refer to the following section: Withdrawal from the University.

WITHDRAWAL FROM THE UNIVERSITY

A student withdrawing from the University during any semester or summer term will be given W grades in all courses, provided that the student has completed withdrawal procedures before the beginning of the last week of classes for that semester or term. In summer terms only, no grade will appear on their transcript, provided the withdrawal is made before the end of the third instructional day. If a withdrawal is completed after these deadlines, one of the following grades will be assigned in each course in which the student was enrolled: A, B, C, D, F, I, or P.

Refunds for withdrawal from the University will be based upon the student’s last verified date of attendance and the appropriate percentage rate associated with that date. Students should refer to the Refunds section of Tuition, Fees, and Expenses for additional information.

Students who wish to only withdraw from a course or selected courses rather than the entire semester should refer to the Adding/Dropping Courses section of the Academic Catalog.
STUDENT-INITIATED WITHDRAWAL PROCESS

To withdraw from the University, a student must complete the Center for Academic and Career Development’s online Withdrawal Form. Students are strongly encouraged to contact their faculty advisor or the Center for Academic and Career Development before completing the form. Residents officially withdrawing in good standing from the University must vacate the residence halls within three (3) days. If the student who withdraws from Concord re-applies for a residence hall room for the following enrollment period, the room reservation fee balance may be carried forward. The room and board refund will be in accordance with the University’s policy listed in the Housing and Residence Life Guide.

FEDERAL UNOFFICIAL WITHDRAWAL POLICY

Federal regulations state that if a student began attendance and has not officially withdrawn and fails to earn a passing grade in at least one course over an entire enrollment period, the institution must assume (for federal aid purposes) that the student has unofficially withdrawn unless the institution can document that the student completed the period.

Concord University is not required to take attendance. Per federal regulations, the withdrawal date for an unofficial withdrawal for institutions not required to take attendance is the midpoint of the enrollment period or the last date of an academically related activity in which the student participated. The Registrar’s Office has asked faculty to enter the last date of attendance for students receiving an F grade. For students identified as not earning a passing grade (any combination of F, I, W) for the semester, the midpoint of the enrollment period will be used if an instructor lists no date in a course in a program of study. If an instructor provides a last date of attendance, that date will be used to determine if a refund must be performed. If more than one instructor provides a date, the later date will be used as long as it is prior to the last published date to withdraw from the University for the semester. Concord University will transmit the last date of attendance to The National Student Clearinghouse. The loan repayment will be based upon the last of date attendance, not the end of the term.

Students subject to the Federal Unofficial Withdrawal Policy will be notified of the withdrawal date, the percentage of refund adjustment used in the calculation, and any balance due to the University after adjustments to institutional charges and financial aid payments. The student is informed that they can appeal the date used by providing written documentation from one instructor that they earned the F grade or attended past the refund period. Upon receipt of written documentation, the Registrar, Business Office, and Financial Aid offices will review it to determine if a revised calculation needs to be performed. If the appeal is approved, all prior grades and end-of-term academic standing will be reinstated. Disability and changes to academic standing may affect your eligibility for financial aid under the Satisfactory Academic Progress Policy. Note: A student dismissed from class for disruptive behavior will receive a grade of F and may not subsequently withdraw from the class.
ACADEMIC INTEGRITY

All members of the Concord community are expected to adhere to the University Honor Code and a code of honesty. The current University Catalog states, "Academic dishonesty is morally unacceptable as well as destructive to the learning and teaching atmosphere. Academic dishonesty includes the giving or receiving of improper help on examinations or assignments, falsifying documents, and plagiarism (the act of stealing and using, as one's own, the ideas or the expression of the ideas of another). Such dishonesty can lead to a variety of penalties — including but not limited to failure of the assignment, failure, of course, loss of institutional privileges, or dismissal from the University."

A failing course grade as a result of academic dishonesty will be recorded as an F on the final grade report, and the instructor will inform, in writing, the division chair and the Vice President/Academic Dean, who notifies, in writing, the Registrar's Office and the students. Course grades affected by academic dishonesty are not subject to the D/F replacement rule. However, a student to receive a failing grade due to proven academic dishonesty may not drop the failed course with a grade of W.

Any recommendation by the instructor beyond an F in the course must be submitted, in writing, to the student, the division chair, and the Vice President/Academic Dean for transmittal to the Judicial Steering Committee, which will then initiate a judicial procedure. In addition, any failing course grade or dismissal that results solely from academic dishonesty will be identified as such on the student transcript.

For additional information, visit http://catalog.concord.edu.

ACADEMIC ADVISING

Upon admission to the University, students are assigned an Academic Advisor who is a faculty member in their major field of study. Undecided majors are also given a faculty advisor. The Academic Advisor guides students through required and elective coursework, program specifics, and general guidance for student success, and they also focus on degree completion and post-baccalaureate goals. The advisor, ideally, is one of the student's first mentors at Concord.

As noted in the Faculty Handbook, the advisor's role is not limited to course selection assistance and interpretation of General Studies and requirements for the academic major. The advisor is the student's primary "official" contact point with the University and is knowledgeable about University operations and organization. Thus, the advisor can help students understand and interpret the University's academic policies and procedures. The advisor will refer students to the appropriate person or University office for assistance when needed.

No student should register for courses or expect to drop a course without the approval of their advisor. However, dropping a class may significantly impact academic progress and financial aid, so it is required that students first understand the repercussions of doing so. While it is the student’s responsibility to thoroughly research the impact of a schedule change through appropriate offices (e.g., Financial Aid, Registrar), the academic advisor can assist the student in understanding the effect on degree progression.
When registering for classes, students should arrive on time at the advising meeting with a trial schedule and up-to-date progression sheet. Because each advisor has many student advisees, the student must arrive at the appointment prepared and on time. If the student cannot make the scheduled appointment, the student must contact the advisor in advance to reschedule it. Progression sheets for each major are available at https://www.concord.edu/Academics/Registrar/Progression-Sheets.aspx.

Students obtain their Personal Identification Number, or PIN, from their advisor. The PIN is needed to register online via the MyCU Student tab. Please note that the PIN is only available from a student’s assigned academic advisor. Be advised that a deviation from the appropriate progression sheet can delay completing all degree requirements and increase the time to graduation. Four Year Plans to ensure timely graduation are available. The Concord University website contains:

- Up-to-date information on the applicable academic catalog.
- Advising information and a campus directory for contacting faculty.
- Staff.
- Administrative offices.

DegreeWorks, an electronic degree audit program, is available online for students to track degree progress. On the main page of www.concord.edu, select the Students tab at the top and navigate to MyCU Self-Service Portal under Quicklinks. In your portal, you will find DegreeWorks under the Tools section of the left-hand menu. Also, a FAQ is available to answer most of your questions about DegreeWorks. If you have any issues with DegreeWorks, please contact registraroffice@concord.edu.

Advisors receive mid-term grade reports for each advisee whose grade in any course is less than a "C" and a list of advisees on academic probation. Thus, it is best for any student who receives a midterm grade to schedule an appointment with their advisor to discuss strategies for improving class performance. However, this advising appointment is not a substitute for the student meeting with their course instructors. Also, advisors will meet with most advisees at least once each semester during pre-registration.

Advisors are expected to be available during their posted weekly office hours. Advisors can meet outside these times by telephoning or emailing the advisor to set up an appointment. An up-to-date schedule of office hours should be available to all advisees. Advisors should be relied upon to help counsel students with academic and career choices.

Students have a responsibility to contact their advisors minimally once per semester. Because advisors and students may not have similar schedules, students should phone or email the advisor for an appointment. Many advisors post an appointment schedule outside their door during the advising period. In addition, the Concord University Directory on the University website has faculty/staff contact information.

**DISABILITY ACCOMMODATIONS**

If you have a diagnosed condition covered under the Americans with Disabilities Act, you are strongly encouraged to register with the Office of Disability Services. If the diagnosed condition warrants special housing accommodations, please notify the Director of Housing and Residence Life.
as soon as possible after you have been officially accepted to Concord University. Please see the Student Handbook section titled, “Concord University: Protocol and Procedures for Serving Students with Disabilities Covered Under Section 504/ADA”

WEATHER PROCEDURE
As a general policy, the University will remain in normal operation during adverse weather conditions. In the event of severe weather conditions, the President may:

1. Place classes on the Inclement Weather Schedule;
2. Cancel classes before the end of the class day;
3. Cancel classes for an entire day or days;
4. Close the University with notification to the Chancellor of the West Virginia Higher Education Policy Commission.

Individual instructors will establish inclement weather meeting times if a class does not meet at one of the regular times noted above. In inclement weather situations, final examinations will begin two hours later than the regularly scheduled starting time.

The Director of the Beckley Center will determine the status of off-campus classes in Raleigh County. If a decision to cancel classes is made, the media, faculty, and appropriate University offices will be notified. Students should subscribe to the Emergency Alert System via https://www.concord.edu/Student-Life/Office-of-Public-Safety/Alert-Systems.aspx to receive notifications.

The late schedule affects classes only. Other University operations are expected to follow normal routines, although the University encourages its employees to use discretion to ensure safety in traveling on weather-affected roadways.

Concord faculty are urged to make attendance policy considerations for the difficulties some commuting students may encounter due to weather conditions and provide opportunities to make up missed work. Students must make every safe effort to attend classes, initiate arrangements for making up missed work, and understand the faculty's occasional commuting difficulties. Announcements invoking the late schedule or other options referenced above are aired on area radio and television stations. They are sent as text and email messages to those enrolled for this service via https://www.concord.edu/Student-Life/Office-of-Public-Safety/Alert-Systems.aspx.

Take note that unless a cancellation announcement is made, classes will be held.

OPERATING ON AN INCLEMENT WEATHER DELAY

Under an Inclement Weather Delay, all 8 a.m. classes will start at 10 a.m.; students and faculty must follow the Inclement Weather Schedule. This schedule affects daytime classes in Athens only. Classes that begin after 5 p.m. are not affected by this schedule. The schedule appears on the University website, in the Academic Catalog, and is posted throughout campus. Therefore, students are expected to be familiar with the Inclement Weather Schedule.

POLICIES REGARDING DISBURSEMENT OF STUDENT AID FUNDS TO STUDENTS

FINANCIAL AID

1. Is maintaining satisfactory academic progress in a course of study.
2. Is not in default on any Perkins Loan, Subsidized Stafford Loan, or Unsubsidized Stafford Loan made for attendance at any other institution.
3. Does not owe a refund on a Pell Grant, Supplemental Educational Opportunity Grant, Perkins Loan, or State Grant previously received for attendance at any institution.
4. If required, it is registered with the Selective Service.

SATISFACTORY ACADEMIC PROGRESS (SAP)

For further information, visit https://www.concord.edu/Financial-Aid.aspx. Federal regulations require Concord University to establish and apply reasonable standards of satisfactory academic progress (SAP) for eligible students to receive financial assistance under the programs authorized by Title IV of the Higher Education Act, the state, and the institution. SAP is a federal student aid (FSA) eligibility requirement and is administered by the university in addition to the academic standards of performance required under the Concord University academic progress policy. The SAP policy is reviewed annually by the director of financial aid.

Students are evaluated at the end of every academic term. All students are evaluated on three standards:
1. grade point average (qualitative measure),
2. credit hour completion ratio (quantitative measure), and
3. maximum time frame.

To maintain eligibility under SAP, students must meet all three standards.

Standard 1: Grade Point Average (Qualitative Measure)

Students must maintain a minimum qualitative measure of progress defined as the cumulative grade point average (GPA). The requirements are listed below: Students in undergraduate programs:

<table>
<thead>
<tr>
<th>Hours Earned</th>
<th>GPA</th>
<th>Hours Earned</th>
<th>GPA</th>
</tr>
</thead>
<tbody>
<tr>

</tr>
<tr>

<td>2.000</td>
</tr>
</tbody>
</table>

Students in graduate programs must maintain an overall GPA of 3.0 or better. In addition, candidates must earn the minimum grade of “C” to successfully complete a course.
Standard 2: Credit Hour Completion Ratio (Quantitative Measure)
Students (either full-time or part-time) must maintain minimum incremental progress (pace) by completing (earning) a percentage of all credit hours attempted. Progress is evaluated at the end of each term. All courses are used in the credit hour completion ratio, including repeated, transferred, withdrawals, and incompletes. All students must complete (earn) 67 percent of all cumulative credit hours attempted.

Standard 3: Maximum Time Frame
Students must complete their degree program within 150 percent of the credit hour requirements for the degree. Students who are unable to complete their degree program within the time frame limitation will be ineligible for federal student aid. Students who change majors and have not completed the new program requirements but have reached the maximum time frame limit may submit a request to be re-evaluated on a case-by-case basis.

ADDITIONAL DEGREES
Students pursuing additional undergraduate degrees are required to maintain a 2.0 GPA and complete (earn) 67 percent of the remaining courses for an additional degree. The maximum time frame will be calculated based on 150 percent of the remaining requirements to complete the additional degree. Students pursuing additional graduate degrees are required to maintain a 3.0 GPA and must earn the minimum grade of “C” to complete a course successfully. Completing 67 percent of hours attempted and 150 percent maximum time frame of the remaining courses for the additional degree is also required.

CAMPUS CONDUCT
In classrooms, buildings, residence halls, and during any University activities, rules of conduct appropriate to a university are to be observed by students. Disruptive or disrespectful behavior will not be tolerated. Campus rules and regulations must be followed to ensure civil and positive learning and living environment.

Students should refer to the Academic Catalog for information on Classroom Conduct. A student suspended or expelled from the University for unacceptable conduct outside of the classroom shall have a grade of W recorded permanently for all coursework during the semester of the suspension or expulsion.

STUDENT CONDUCT
To create and maintain the most academically supportive atmosphere, inappropriate or disruptive behavior will be confronted. Residence Life Staff members are devoted to creating the best possible residence hall environment for students living on-campus. Students will be held responsible and accountable for their actions, including their guest’s actions on campus at all times and places. Also, the student’s behavioral record may be as important a consideration as the student’s academic record in influencing future opportunities. Just as graduate schools and employers want to know grades earned, they will also wish to know what sort of citizen the student was while enrolled. Therefore, the student should be conscientious about both the behavioral and academic records achieved at the University. Lending your ID card or failing to present it when requested by a University official
(including Resident Assistant staff) violates University policy and subjects the student to disciplinary action.

Students should be familiar with the Board of Governors Policies relating to students as well as the Student Code of Conduct and Student Life Policies found later in this handbook.

**SAFETY**

Concord University, the Office of Public Safety and University Police, and Housing and Residence Life take significant measures to build on the safety record of the community of Athens and the State of West Virginia. The University believes that members of the Concord campus community can assist in keeping themselves from harm by utilizing prescribed safety precautions and by educating themselves about the frequency and type of security breaches that occur on University property. Public Safety records and publishes statistics on crime. Students are encouraged to exercise common sense regarding personal safety. Each student must take an active part in their own safety and the safety of other community members.

Public Safety Officers work closely with professional and paraprofessional Housing and Residence Life staff personnel. The Officers and the Student Life staff on duty are available to receive emergency telephone calls from anyone on campus or associated with the University. Additionally, all Public Safety Officers have direct radio contact with local law enforcement agencies. To encourage accurate reporting of crimes and incidents, a formalized Incident Report is completed after each known event (when the victim allows us to report the crime).

**What YOU can do to enhance YOUR personal safety.**

**Personal Safety:**
1. Avoid walking alone, especially at night.
2. Walk in well-lighted areas.
3. Walk clear of any area with heavy foliage.
4. Be alert and aware of your surroundings; even though phone calls might make you feel safer; they distract your attention.
5. Refrain from propping open residential hall doors.
6. Use the viewing porthole provided in each residence hall door.
7. Have strangers identify themselves before unlocking any room door.

**Personal Property Safety:**
1. Secure valuables left in your room.
2. Print your name on valuables and register items like tablets, laptops, TVs, DVRs, bikes, etc., when appropriate.
3. Remember to lock the door(s) and window(s) to your personal room each time you leave and when you are sleeping.
4. Lock your room door when you are in the bathroom (traditional halls).
5. Pre-plan a course of action in the event of lost or stolen credit cards, checks or money.
6. Do not leave your property unattended.
Vehicle Security:
1. Remove property from plain view.
2. Roll up vehicle windows.
3. Remove keys.
4. Keep your car locked, whether you’re in it or not.
5. Park in a well-lit area whenever possible.

Sexual Assault Prevention Tips:
1. You should always carry room keys with you, be aware of where you are going, and know a quick and safe way home whenever practical.
2. Be aware of an unknown attacker on the street does not always perpetrate sexual assaults. About 90% of sexual assault victims are familiar with the perpetrator.
3. Have a friend go with you so you can watch out for each other.
4. Take a self-defense class. Most people who take self-defense courses feel empowered to handle more serious situations.
5. Know alcohol and drugs can impair the ability to make good decisions. It can also lower inhibitions.
7. Know that you have a right to say “No” to sexual activity.
8. Stop what you are doing if you receive unclear or conflicting messages.

Concord University and the Office of Housing and Residence Life encourage students to take all precautions toward their safety and the security of their possessions.

CAMPUS ACTIVITIES

CONCORD UNIVERSITY

2022 - 2024
CAMPUS ACTIVITIES & STUDENT ORGANIZATIONS

No matter your particular interest, you are likely to find a campus organization to fit your needs. Campus organizations and Student Activities provide a necessary diversity to University life. In addition, extracurricular events provide a direct connection for meeting people with the same interests, developing a skill, and making University life, in general, more worthwhile.

The organizations provided on campus offer something for everyone. You may be interested in a Greek organization, invited into a departmental, honorary, or service organization, and become a member of any special interest organization. Involved students are successful students!

Concord University and West Virginia State law prohibit hazing by any organization, group of people, or individuals. Hazing is defined as, but not limited to, the following examples:

- Being in line.
- Running or marching.
- Wearing the same clothing for more than one day.
- Carrying bricks, cinder blocks, etc.
- Causing undue mental stress, etc.

If you have to ask, “Is it hazing?” then it is hazing. Please see the “Hazing” section for a more complete description of hazing.

GOING GREEK

One option a student may consider upon entering the University is whether or not to pledge to a social sorority or fraternity. During the fall semester, each sorority and fraternity has recruitment events. First, recruitment events are given so potential new members and actives can become better acquainted. Then, open bids (invitations) are extended to students to join a sorority and/or fraternity. Greeks sponsor their traditional Formal Recruitment Week, with several days of sign-up for the formal recruitment. The new member period becomes an exciting and meaningful time for new members to learn about the Greek world and their prospective sorority and/or fraternity. Before recruiting, new students are encouraged to consider which group best fits their needs.

There are four National Social Sororities on Concord’s campus: Sigma Sigma Sigma, Delta Zeta, Alpha Sigma Alpha, and Alpha Sigma Tau. There is one local social sorority: Nu Zeta Chi. There is one national Social fraternity on campus: Tau Kappa Epsilon. As a whole, Greek organizations seek to promote friendship, scholastic attainment, and the desire to add to and enrich the community they serve. Greeks also add excitement to the campus, especially during Homecoming Weekend and Greek Week. Each spring, individual sororities, and fraternities have their annual spring formals, which highlight their year’s social functions.

Interfraternity Council is the collective ruling body and informational meeting group of the national social fraternal organizations on campus. Membership requirements include semester dues, attendance requirements, and registration as a campus organization.
Panhellenic Council is an organization that includes and speaks for all nationally recognized social Greek sororities. This organization promotes cooperation between sororities, meets to discuss plans for sorority recruitment, discusses common interests and activities, and works with University Administration to maintain high standards. Membership requirements include semester dues, attendance requirements, and registration as a campus organization.

Housing and Residence Life

Welcome to Residence Hall Living

We are glad to have this opportunity to welcome our new students to Concord University's residence hall community and to help prepare you for life in a residence hall. One meaningful part of a University education is the learning that comes from living with others. Living in a residence hall is a great way to transition from high school to living on your own. Concord's Residence Life Program is designed to help you make personal, social, and academic adjustments in as healthy a way as possible to make your living experience both educational and enjoyable.

Your first year in college can be both an exciting and adventurous time in your life. Outside of the classroom, you will have the opportunity to participate in numerous activities and meet new people. While living in the dorms you will make friends and memories that will last a lifetime.

Research demonstrates that living in the residence halls provides students with a unique experience that fosters success during college years. Residential students are more likely to graduate from college and generally feel more connected. After fulfilling their academic commitments, residential students have the opportunity to gather in their buildings and discuss many of the activities of the day with one another. Resident Assistants (RAs) facilitate a wide range of activities to enhance community and encourage interactions among residents.

All unmarried students (traditional age undergraduates) who have not received prior permission to commute are required to reside on campus in the University’s residence halls as long as space is available. Permission to commute is granted only to those students who will reside with their parent(s) or legal guardian(s) in their parents’ primary place of residence within a reasonable driving distance (45 minutes or less according to MapQuest or Google Maps) from Concord University. Applications for a housing exception should be obtained from, and must be submitted to, the Office of Housing and Residence Life. Applications will be reviewed by the Director of Residence Life and/or a designated committee that will evaluate the evidence of exemption criteria.

NOTE: Students should never sign a lease for an off-campus dwelling until they have been approved to live off-campus. Signing a lease with another entity is not grounds for an off-campus exception. Any student denied an off-campus exception will be charged room and board, regardless of having signed a lease.

Residential Staff

Residence Life Training, Philosophy, and Programming

Other than training for specific job requirements such as first aid/CPR, conflict management, fire safety, etc., your residence hall staff participates in Natural Helpers training to enhance their communication and helping skills. At the heart of Concord's residence hall operation is the desire to
develop an atmosphere which encourages wellness within both the individual student and the entire community. The Office of Housing and Residence Life supports wellness through student involvement and interaction in residence hall programming. Our programming model focuses on the following areas: academic success, community development, diversity, personal safety, personal development, and health/wellness. Students are strongly encouraged to attend the programs offered in their residence halls. Residents are welcome to share ideas for programs that they would like to participate in and/or help plan.

**Director of Housing and Residence Life**

The Director provides leadership, administration, coordination, and evaluation for the entire Housing and Residence Life program.

Each RD is fully responsible for supervision of his/her building and for coordinating and supporting the Residence Life staff. RD's are specially trained in counseling, communication, problem solving, first aid/CPR, fire safety, and other areas important to facilitating life in a residence hall. The RDs have an office located in room 201 of the Student Center.

**Resident Assistants**

Every residence hall has a staff of Resident Assistants (RAs). These upper-class students live on each floor as representatives of the Student Life staff. The RAs are skilled paraprofessionals who have been trained in several areas to make the student's experience in the residence hall healthy, safe, fun, educational and memorable.

**Public Safety Officers**

A Public Safety Officer is stationed at the North Tower Main Desk, which also doubles as a Public Safety security station each morning from 12:00 midnight until 7:00 a.m. while the University is in session. Electronic entry systems provided in each residence hall are patched back to the North Tower Main Desk, allowing a Public Safety Officer to monitor students and visitors entering and exiting each living area during the above provided hours. In addition, Public Safety Officers complete nightly duty rounds, monitor exterior doors for safety, and assist the Resident Director and Resident Assistant staff with disruptive and/or emergency situations.
Custodial Staff

Each residence hall has an assigned set of housekeeping staff which work routine daytime hours, Monday through Friday. The building custodial personnel are responsible for the general upkeep and appearance of the facility, but are not expected to clean any intentional mess left by students. Custodial staff obligations do not include cleaning individual student rooms, or suite bathrooms in North and South Towers.

Staff Duty Hours

Residence Life Staff, including one Resident Director who covers the entire campus and one or more RAs working in each building, are on active duty from 5:30 p.m. to 12:00 midnight every day. RD duty responsibilities include working closely with the RA staff, completing campus-wide rounds, and responding to emergencies. The RA on duty is available to answer questions, maintain building safety and oversee other services. To ensure student safety, the RA on duty also does rounds in their residence hall and is required to sleep/remain in the building throughout the night in case of an emergency. All on-duty Residence Life Staff members are in direct communication with Public Safety.

STUDENT CODE OF CONDUCT

ARTICLE I INTRODUCTION

Concord University has developed the following regulations and procedures to describe the general bounds of student responsibility and behavior. The system is intended to serve as a guide for the conduct of students and to ensure fair and equitable treatment to all. In other words, the system is intended to provide safeguards for each individual and, at the same time, protect the University community while creating an atmosphere conducive to fulfilling the University’s mission.

Similar to an academic record, a student’s behavioral record may impact future educational or employment opportunities. Just as graduate schools and employers will request a student’s academic transcript, they may also inquire about any disciplinary actions or student conduct violations involving the student. Therefore, every student should be conscientious of both behavioral and academic records while enrolled at Concord University.

ARTICLE II SCOPE, LIMITATIONS, AND APPLICABILITY

The primary objective of the University in establishing a Code of Conduct is to maintain order and protect the person and property of all students, faculty, and staff. The Code of Conduct promotes a safe educational environment not only in the classroom but in many aspects of University life. Developed as a supplement to University policy and State of West Virginia statutes, the Code does not replace, limit, or otherwise alter Board of Governors’ policies or state law. The Code will be subject to periodic review and updating so that it will remain appropriate to current conditions on campus.

The University retains the right to establish additional regulations and procedures as it deems necessary to meet and maintain the aforementioned institutional goals. Such policies shall be publicized to all students in the form of electronic media and/or prominently displayed signs.

This Code shall apply to all students or non-students subject to discipline by a University conduct panel. It does not apply to faculty, staff, or administrative personnel of Concord University. This Code shall be in effect on all campuses of the University, including online students, for undergraduate and graduate students, and at University-sanctioned off-campus events. In certain circumstances where conduct occurring off-campus represents a possible threat to persons or property on campus, the jurisdiction of the University may be extended off-campus at the discretion of the University President or the President’s designee. Examples of such conduct include but are not limited to felonies and forcible and non-forcible sex offenses. In an emergency situation where the discretion of the University President or the President’s designee to extend jurisdiction off-campus is not readily ascertainable, prior approval should be assumed.

ARTICLE III DEFINITIONS

The following terms are referenced in the Student Code of Conduct and are defined as follows:

1. **Alcoholic Beverage:** refers to any “non-intoxicating beverage” as defined by West
Virginia Law. **NOTE:** At the time of this publication, a non-intoxicating beverage is one that has a percentage of alcohol by volume of less than or equal to twelve percent (12%). Beverages containing more than 12% alcohol (spirits) are not permitted on campus, except as provided by ARAMARK via its ABC license or by special permission of the President or his/her designee.

3. **Complainant:** means any current employee, student, or applicant to Concord University (regardless of whether he or she is applying for employment or for admission as a student), vendor or contractor representative, or visitor who reports an alleged violation under this policy. The complainant is not required to be the person who allegedly suffered the discriminatory or harassing treatment; rather, they could be a witness to the events or a Mandatory Reporter.

4. **Credible Threat:** A threat to the health or welfare of another issued by a declarant who appears to have the ability and the intent to act upon it.

**ARTICLE V SANCTIONS**

The range of University disciplinary action that may be invoked as a consequence of rule infractions, either by individuals or groups, varies from a warning to expulsion from the University. The action depends largely upon the severity of the infraction and the student’s disciplinary history. Consistent penalties will be applied in similar cases, but each case will be considered according to the circumstances of the offense. Sanctions other than those listed below may also be applied, but in all cases, the University will strive to have sanctions fit and be proportional to the nature and severity of the violation(s). Sanctions will go into effect immediately upon notification to the student unless the decision is under appeal.

1. **Warning Letter:** A Warning Letter is a written statement from the Student Conduct or University Hearing Board or a University Administrator officially warning a student or organization about behavior unacceptable to the University. A copy of the warning is placed in the student’s or organization’s file in the Office of Student Affairs. The warning may or may not establish a probationary period, during which the student may not commit any offense or violate any University policy without facing added sanctions.

2. **Community Service:** Community Service involves volunteer activities that are performed for the benefit of others, including individuals, organizations, or communities. Community Service completed as a sanction must be pre-approved by the Vice President of Student Affairs and Dean.
of Students or his/her designee. It is the sanctioned student’s responsibility to obtain official
documentation of completion of volunteer activity. Failure to provide approved, official
documentation of the completion of community service will render the community service
inapplicable to the imposed sanction.

3. **Assessment and Counseling:** Students may be required to participate in assessments and
counseling through an Office of Student Affairs approved service. Typically, such assessment and
counseling are available free of charge to students through the University Counseling service, but
students may opt to complete the assessment through a mutually agreed upon private or public
service provider; 3rd party assessment and counseling must be pre-approved by the Office of
Student Affairs and at the expense of the student.

4. **Student Conduct Education:** Student Conduct Education may be conducted by a member of the
Student Conduct Board or a University official. Student Conduct Education is intended to
familiarize students with the Student Conduct Policy and other institutional rules and regulations,
including possible sanctions and potential consequences of non-compliance. The sanction is
intended to be instructional rather than punitive so that future violations are avoided.

5. **Restitution:** Monetary restitution or replacement of lost, stolen, or damaged property may be
allowed, pending approval by the Vice President of Student Affairs and Dean of Students or
his/her designee. The amount of restitution should not exceed the replacement cost of the
property, including any labor costs that may be incurred by the University. Replacement should
be of an equal or greater value of the item or property.

6. **Discretionary Sanctions:** Discretionary sanctions may be assigned in lieu of or in addition to
other sanctions and may include a letter of apology, essay, oral presentation, or other appropriate
educational activity that directly relates to the violation.

7. **Organizational Sanctions:** Any of the sanctions included in the Student Code of Conduct may be
applied to an organization. Members of the organization may be subject to individual sanctions
for the same violation. Organizations may be placed on probation, during which time their
activities are restricted to regular meetings with no social functions, public meetings, or activities
other than those involving community service or sanction-assigned.

8. **Probation:** Probation is the limitation or revocation of certain privileges for a specified period of
time. A student may be placed on disciplinary probation if one of the University hearing boards
determines the sanction necessary. Notice of Probation is kept on file in the Office of Student
Affairs. If further disciplinary action becomes necessary during the probationary period, the
University may suspend or expel the student who violated the terms of his/her probation.
Restriction of visitation privileges, a prohibition from participation in University-sanctioned
activities, and limitation of access to University facilities are all examples of special restrictions
that may be applied as a part of probation. Organizations may also be placed on probation, during
which time their activities are restricted to regular meetings, with no social functions, public
meetings, or other activities except pre-approved community service. (Article IV Section 8)

9. **Restrictions:** Restrictions may be full or partial. Full restrictions limit student activities to class
attendance, dining in the cafeteria, residing in the residence halls, using Library facilities, and
participation in anything for which a student will receive academic credit. For a student or organization on full restrictions, the use of the Student Center is restricted to dining in the cafeteria, checking campus mail, and conducting business in the Bookstore or other Student Center offices. Under the sanction of full restrictions, a student may purchase a meal in the Subway area, but he/she may not consume the food in this area. A student on full restrictions may maintain employment throughout the duration of his/her sanction. A student on full restrictions who is a member of an athletic team may participate in activities required by the Coach, such as practice, games or scheduled events, community service, or other team requirements.

A student who is on full restrictions may NOT do the following:

a. Use the Student Center Game Room.
b. Receive visitors in the restricted student’s residence hall.
c. Visit any residential student in any residence hall area other than the main lobbies.
d. Attend any University-sponsored social activities on or off-campus (e.g., parties, dances, movies).
e. Pledge or participate in social activities with any recognized University organization on or off-campus.
f. Possess or consume any alcoholic beverage on campus, even if the restricted student is over the age of twenty-one (21).

When a student receives Full Restrictions and leaves the Concord campus and therefore cannot complete the required sanctions, the sanctions will remain in effect for one (1) year. If the student returns to the Concord University campus within that one-year period of time, he/she will be required to serve out the remaining portion of his/her sanctions.

10. Suspension: Suspension is the temporary termination of a person’s status as a student for a specified period of time. Notice of the suspension is placed on the student’s permanent record in the Registrar’s Office and may also be sent to the parents/guardians. After the student is suspended, he/she is not allowed on campus except with the prior consent of the Vice President of Student Affairs and Dean of Students, the Director of Public Safety and University Police, or their designee to conduct business with an officer of the University. A student who has been suspended from the University may apply for readmission at the end of a specified period. Readmission, however, is not automatic.

11. Emergency Suspension: The University reserves the right to immediately remove any student who poses a threat to the safety or the rights, welfare, or property of another, including the University.

12. Expulsion: Expulsion from the University is the termination of a person’s status as a student. Notice of the expulsion is placed on the student’s permanent record in the Registrar’s Office and also sent to the parents if the student is under eighteen years of age or has waived his/her FERPA protection to allow notification to occur. The University reserves the right to notify parents in the case of dependent students. Expulsion also includes termination of any remaining right or privilege to receive some benefit of recognition or certification. After the student is expelled, he/she is not permitted on campus except with the prior consent of the Vice President of Student Affairs and Dean of Students, the Director of the Office of Public
Safety and University Police, or their designee. As the most severe penalty imposed, expulsion carries the presumption of finality; however, the possibility of readmission, if any, may be stated on the order for expulsion. Offenses for which the penalty would otherwise be suspension, committed either while the student is on probation or by a student who has been suspended, may result in expulsion.

**Termination of Sanctions Provision**

At the termination of two-thirds (2/3) of a student’s sanction, other than suspension or expulsion, the student may petition for a release from the remainder of his or her sanction. A release may be granted on the conditions that: (a) the student has complied with the directions of his or her sanction; (b) the student has maintained good overall conduct; and (c) no further violations whatsoever have been committed by the student. The request for a Sanction Review will be first submitted to the Vice President of Student Affairs and Dean of Students, who may then forward it to the hearing board that issued the sanctions. The hearing board reviewing the appeal will then recommend its findings to the Vice President of Student Affairs and Dean of Students. The student is notified of the decision made in regard to his or her petition or a release from the remainder of his or her sanctions.

**ARTICLE VI ADMINISTRATIVE AUTHORITY AND THE HEARING BOARDS**

In accordance with the West Virginia Higher Education Policy Commission policies, the President of the University is responsible for the administration of the policies, rules, and regulations applicable to the University. In turn, the President of the University delegates considerable authority and responsibility for such administration to the Vice President of Student Affairs and Dean of Students.

The University Hearing Board was created in compliance with the Board of Governors’ policies calling for the University to establish a primary disciplinary body. The University Hearing Board has original jurisdiction in disciplinary matters. Members of the University Hearing Board are appointed by the Vice President of Student Affairs and Dean of Students or his/her designee.

The Student Conduct Board1 was created as part of the Constitution of the Student Government Association. It allows for the processing and sanctioning of student offenses in a hearing comprised of students. The Student Conduct Officer2 of the Student Government Association (SGA) presents the cases before the Student Conduct Board, while the Student Advocate3 of the SGA advises and represents the student who is allegedly in violation of institutional regulations. For more information about the Student Conduct Board visit the Concord University Student Government Association Office.

ARTICLE VII PROCEDURES FOR STUDENT CONDUCT BOARD
ON VIOLATIONS OF STUDENT LIFE POLICIES AND THE
STUDENT CODE OF CONDUCT

1. Student Conduct Steering Committee\(^4\)
   a. Alleged violations of the Student Code of Conduct or other Board of Governors’ Policies
      must be reported to the Director of Housing and Residence Life and the Vice President of
      Student Affairs, and the Dean of Students. Residence Life staff members and Public Safety
      and University Police officers should, whenever possible, inform students that allegations
      are being brought against the student.

   b. The alleged violations will be screened by the institutional Student Conduct Steering
      Committee before they are directed to the appropriate hearing board. The Steering
      Committee will determine whether the case should be directed to the University Hearing
      Board or Student Conduct Board.

   c. The alleged violator may request to have his/her case heard in an Administrative Hearing.
      The Vice President of Student Affairs and Dean of Students or his/her designee will assign
      the University official who will hear the case.

   d. The student will then be notified of the impending disciplinary hearing by receiving a
      Notification of Allegations. A Notification of Allegations explains the available options to
      the student in the impending hearing process. If the alleged violator cannot attend the
      scheduled hearing, he/she must notify the appropriate contact listed on the Notification of
      Allegations at least twenty-four (24) hours in advance of the hearing.

2. University Hearing Board
   a. When the Student Conduct Steering Committee believes that the allegations, if upheld,
      may result in the student being suspended or expelled, the case is sent to the University
      Hearing Board. The student will be notified of the allegations and the time and place of
      the University Hearing Board.

   b. The University Hearing Board, whose members are appointed by the Vice President of
      Student Affairs and Dean of Students, hears all cases that may result in suspension or
      expulsion if the student is found in violation.

   c. The University Hearing Board makes recommendations to the Vice President of
      Student Affairs and Dean of Students at the conclusion of the hearing.

\(^{4}\) Previously termed Judicial Steering Committee
d. Decisions of the University Hearing Board may be appealed to the Appeals Committee, the Vice President of Student Affairs and Dean of Students, and then to the President of the University.

3. **Student Conduct Board**
   a. When the Student Conduct Steering Committee believes that the allegations, if upheld, would not likely result in the student being suspended or expelled, the case is sent to the Student Conduct Board.
   
   b. The Student Conduct Board, whose members are appointed by the President of the Student Government Association, hears all cases that are not expected to result in suspension or expulsion if the student is found in violation.
   
   c. The Student Conduct Board shall issue sanctions if deemed appropriate.
   
   d. If the student does not respond to the Student Conduct Board or if the student pleads Not Responsible and does not appear before the Student Conduct Board, he/she may be found in violation of the alleged offenses and charged with Contempt (Article IV).
   
   e. The accused student reserves the right to appeal the Student Conduct Board’s decision to a higher disciplinary channel such as the Appeals Committee and/or Vice President of Student Affairs and Dean of Students. (See Article VII Section 5 for Appeals Process)

4. **Pleadings and Procedure**
   a. Students whose cases will be heard by the University Hearing Board, Student Conduct Board, or by Administrative Hearing will receive a Notification of Allegations (also called Summons) and information about the hearing process.
   
   i. The Notification of Allegations will include the time and place to appear before the appropriate board.
   
   ii. The Notification of Allegations must be sent to the student at least three (3) class days prior to the hearing. The timeframe may be extended for extenuating circumstances, with notification to the student regarding the reason for the delay and anticipated decision date.
   
   b. There are three acceptable responses to a Notification of Allegations: “Responsible,” “Responsible with Circumstances,” and “Not Responsible.”
   
   c. There are three acceptable responses to a Summons for Student Conduct Board: “Responsible,” “Responsible with Circumstances,” and “Not Responsible.”
   
   i. **Responsible:** The student may wish to enter an “Responsible” plea and waive the right to regular conduct proceedings if the student does not contest the
allegations brought against him/her. If a student pleads in violation of University policy, sanctions will be determined by the appropriate authority

i. **Responsible with Circumstances**: The student may wish to enter an “Responsible with Circumstances” plea and waive the right to a hearing. “Responsible with Circumstances” is the proper plea when a student admits to wrongdoing but cannot reasonably comply with certain disciplinary sanctions that may be issued by the appropriate University authority or if there are extenuating circumstances that the student wishes the hearing authority to consider when issuing sanctions.

ii. **Not Responsible**: The student may wish to enter a “Not Responsible” plea if the student disputes the charges brought against him/her. If a “Not Responsible” plea is entered, the student must attend all University proceedings that address the allegations.

d. Regardless of the plea entered, the student reserves the right to appear before the Student Conduct Board, University Hearing Board, or Administrative Hearing at the time and place stated on the Notification of Allegations.

e. At the disciplinary hearing, there will be a presentation of evidence and testimony from witnesses. For the Student Conduct Board, the Student Conduct Officer will present the case, and the Student Advocate will represent the accused student. In the event of a disciplinary infraction that warrants the convening of the University Hearing Board, the student may choose the representation of the Student Advocate, or he/she may obtain any other representative, including but not limited to external legal counsel, at the expense of the accused student.

f. The student will receive the sanctions recommended by the Student Conduct or University Hearing Board either at the time of the hearing or by email following the hearing.

g. The student may elect to have the case heard as an Administrative Hearing. To exercise this option, the student must notify the Vice President of Student Affairs and Dean of Students at least 24 hours prior to the time stated on the Notification of Allegations for the student to appear before the Student Conduct Board. The Vice President of Student Affairs and Dean of Students will then schedule an Administrative Hearing. The decision of the Administrative Hearing can be appealed to the Appeals Committee, Vice President of Student Affairs and Dean of Students (or his/her designee), and in University Hearing Board cases to the President of the University or his/her designee.

1. **Appeal Procedure**

a. A student found in violation of any disciplinary infraction has the right to file a written appeal within three (3) days.

b. The student requesting an appeal must base the appeal upon questions of due process, appropriateness of the sanction, and/or new evidence in order to be granted an appeal to a
higher disciplinary authority. In any case, the burden of proof is on the student to demonstrate that there are sufficient grounds for an appeal.

c. An appeal of a finding or sanction of the Student Conduct Board or Administrative Hearing held in lieu of a Student Conduct Board may be heard by the Appeals Committee and/or the Vice President of Student Affairs and Dean of Students. The Appeals Committee consists of one administrator, one faculty member, and one student.
   – all annually appointed by the President of the University or his/her designee.

d. An appeal of a finding or sanction by the University Hearing Board or an Administrative Hearing held in lieu of a University Hearing Board may be heard by the Appeals Committee, Vice President of Student Affairs, and the President of the University or his/her designee.

e. Appeals must be reviewed within one (1) week of the request and a determination made as to whether or not to grant the appeal. The timeframe may be extended for extenuating circumstances, with notification to the student regarding the reason for the delay and anticipated decision date.

f. Students wishing to appeal should contact the Office of Student Affairs.

g. Sanctions will not be implemented if an appeal is made, pending the outcome of the appeal. If there is no appeal, the sanctions will go into effect immediately upon notification to the student. If the Appeals Committee and/or the Vice President of Student Affairs and Dean of Students deny the appeal, all sanctions will go into effect immediately.

h. The University reserves the right to initiate or retain temporary measures to ensure safety while the decision and/or sanctions are under appeal.

ARTICLE VIII LESSER COURTS WITH RESTRICTED JURISDICTION

The Student Conduct Board, with jurisdiction as defined by the Concord University Student Government Association Constitution and Bylaws, may recognize lesser boards to handle minor offenses. These boards must provide due process for the protection of student rights. Any decision of a lesser board is subject to review by the Student Conduct Board.

ARTICLE IX EXPUNGEMENT PROCEDURE

Certain Student Life Policy infractions, while important enough to merit disciplinary action, may adversely affect future employment, graduate school prospects, or professional licensure. Therefore, the Concord University Expungement Procedure was adopted to allow students to request the expungement of minor offenses, typically those that involve infractions of institutional policy rather than matters of law. Expungement may be available to students after graduation from the University
and in other limited cases. Any infraction that may result in suspension or expulsion from the University may not be expunged. Contact the Office of Student Affairs for more information.

NOTE: If at any point a Concord University Student Code of Conduct or Student Life Policy is found to be in conflict with a Concord University Board of Governor’s Policy, the Board of Governor’s Policy always supersedes the Student Code of Conduct of Student Life Policy.

CONCORD UNIVERSITY BOARD OF GOVERNORS POLICIES

Following is a list of Concord University Board of Governors (BOG) policies most often applicable to Concord University Hearing Boards and judicial processes and of interest to students. SEXUAL VIOLENCE

Definitions and Procedures in Instances of Sexual Violence

Sexual Violence is any sexual act forced upon someone against their will and includes acts that are verbal, physical, attempted, or completed. West Virginia law defines sexual abuse as intentional touching of a sexual nature. Sexual assault involves sexual penetration with another person without the consent of that person. Lack of consent may result from forcible compulsion or incapacity to consent.

Concord University policy recognizes that sexual assault may occur against a victim who has willingly taken a controlled or intoxicating substance. If the sexual contact occurs after the victim has become temporarily incapable of appraising or controlling his or her conduct, such contact is sanctionable as a sexual offense. Additionally, and separate from the disciplinary action of the University, the accused may be brought to trial under West Virginia state law and subject to action as directed by the court.

Sexual Assault Prevention

Concord University is committed to creating a safe environment free from discrimination, sexual harassment, and sexual misconduct. Report unwanted behavior to the Title IX Coordinator.
Get verbal consent from your partner before engaging in any type of sexual activity
• Sexual assault includes a wide range of behaviors, including various types of unwanted sexual contact (e.g., inappropriate/nonconsensual touching, grabbing, fondling, kissing, etc.)
• Know your sexual limits and communicate them clearly and effectively.
• Be aware that 90% of sexual assault victims are familiar with the perpetrator.
• Practice Bystander Intervention. Don’t be afraid to intervene, or ask others for help, if you are personally in an uncomfortable situation or you see someone else potentially in danger (e.g., leaving a party with a stranger, drinking too much, acting unusual, etc.).

In an emergency, call 911. If you have been a victim of Sexual Assault, on or off-campus, please contact the CU Police Department at 304-384-5357, Princeton Community Hospital at 304-487-7000, the Mercer County Rape Crisis Center at 304-645-6334 (24 Hour hotline), or a CU SART member. Names of SART members (see below), medical services, reporting agencies, and support services can be found at https://www.concord.edu/Student-Life/Title-IX.aspx.

The Family Refuge Center and The Women’s Resource Center (WRC) are crisis resources for victims of sexual assault and domestic violence and their families. Professional staff and volunteers provide advocacy, information and referral, support, and counseling to abuse victims. Information on the agencies’ websites:

24-Hour Hotlines: FRC 1-866-645-6334 and WRC 1-888-8257835.

Other Rape Crisis Centers in West Virginia may be found via the **Foundation for Rape Information Services (FRIS)** website [http://www.fris.org/](http://www.fris.org/). The FRIS website contains comprehensive information and resources regarding sexual violence/assault.

The **National Sexual Assault Hotline** telephone number is 800-656-4673 (HOPE). The free hotline provides immediate assistance to victims of sexual violence.

**Southern Highlands Community Mental Health Center** in Princeton, West Virginia, operates a free 24-hour crisis line. Phone: 800-615-0122. Counseling services are available.

[http://www.wv211.org/](http://www.wv211.org/) This database allows you to browse hundreds of health and human services online and learn about specific programs, intake requirements, eligibility, operation hours, and more. The database also has information on disaster-related services. Phone: 211 This program is a collaborative project of the United Ways of West Virginia.

The Concord University Office of Public Safety and University Police offers the following tips for preventing sexual assault:

1. Residential students should always carry their room keys with them, be aware of where they are going, and know a quick and safe way home whenever practical. If you are at a bar or party, make sure you have a plan to arrive home safely.

2. Carry a fully-charged cell phone with you at all times.

3. Be aware that sexual assaults are not often perpetrated by an unnamed attacker on the street. Usually, it is someone you know. About 90 percent of sexual assault victims are familiar with the perpetrator.

4. Have a friend go with you so you can watch out for each other.

5. Don’t leave your drink unattended or allow others access to your drink due to the possibility of date rape drugs.

6. Beware of how much alcohol you and your date consume.

7. Avoid dates that have domineering or controlling personalities.

8. Clearly communicate and stand up for your rights; don’t be pressured into doing something that you do not want to do.

9. Take a self-defense class. Most people who take self-defense courses feel empowered to handle more serious situations.

**What to Do If You Are Sexually Assaulted**

1. Get to a safe place.

2. If on campus, contact the Office of Public Safety and University Police, a responsible official (e.g. Resident Assistant or Director, advisor) or a friend or call 911.
3. Preserve evidence (e.g. do not shower, dispose of clothing or other evidence, etc.).
4. Seek medical attention (e.g. go to the hospital Emergency Room—in Athens, the closest ER is Princeton Community Hospital; request a forensic nurse or SANE).
5. Seek counseling (e.g. SART members, Concord Counseling Center, community or private mental health professionals, 24-hour crisis lines).

**What to Do If a Friend is Sexually Assaulted**

In addition to assisting your friend with the above:

- Be supportive. Don’t be judgmental.
- Be reassuring and a good listener.
- Encourage your friend to report the sexual assault to a responsible official.

Although most sexual assaults involve male perpetrators and female victims, sexual assaults can involve same-sex couples or women perpetrators and male victims. The same tips, advice, and procedures should be followed regardless of the sex of the perpetrator or victim.

**PREVENTION OF SEXUAL VIOLENCE**

**Bystander Intervention**

Active Bystander Intervention is acting to intervene in a potentially dangerous situation. Bystander intervention applies to many situations, including bullying, sexual assault, alcohol and drug abuse, and suicide prevention.

An Active Bystander helps address behaviors BEFORE violence occurs. SAFELY intervene when you see a potentially dangerous, undesirable, or pre-violent situation by doing some of the following:

- Distract the person who is acting inappropriately or aggressively
- Make certain that the potential victim makes it home safely
- Grab a friend or two to help you intervene
- Act as if you are with the potential victim, even if you are not
- Act as if you need to speak privately with the potential victim and lead them away to a public place

CONCORD UNIVERSITY PROTOCOL AND PROCEDURES FOR SERVING STUDENTS WITH DISABILITIES COVERED UNDER SECTION 504/ADA

PURPOSE:
To establish procedures for identifying students with disabilities and providing reasonable accommodations in compliance with Section 504 of the Rehabilitation Act and the Americans with Disabilities Act.

COORDINATION OF SERVICE:
Office of Disability Services
Student Center, Main Floor, Room 107
Telephone (304) 384-6086
nellison@concord.edu

PROCEDURE:
1. Admissions Office sends to all new students, upon acceptance, the Special Student Criteria Form, which provides students the opportunity to disclose a disability to the institution. This form, when returned to the Office of Disability Services, constitutes the student’s initial self-identification and requests for accommodations. The timely submission of this form is encouraged but not a prerequisite for receiving services, nor does the submission of this form alone guarantee the provision of services (see numbers 4-9 below).

2. Current students requesting services should contact the Office of Disability Services to register, provide documentation, and request accommodations. The office is located in room 107 of the Student Center.

3. Faculty and staff, University offices, Student Support Services, Academic Success Center, Admissions, Counseling Center, and Student Affairs should refer any student who discloses a disability and/or requests accommodations to the Office of Disability Services.

4. After the student self-discloses (via the Special Student Criteria Form or by contacting the Office of Disability Services), the student should make an appointment with the Disability Services Coordinator, who will accept appropriate documentation for the disability, and begin the process of determining and implementing appropriate accommodations.

5. Providing appropriate documentation of the disability is the student’s responsibility, although the Office of Disability Services may assist in this process by securing the student’s signature on the Office of Disability Services Permission for Release of Information Form and forwarding it to the applicable agency, school, or professional. Appropriate documentation from a physician, therapist, vocational rehabilitation counselor, or other professional qualified to make the diagnosis must be current (no older than five years), be presented on letterhead stationery, state the specific diagnosis/disability, including the professional’s recommendation (if any) for accommodations needed to assist with the academic program, and list any medications the student is taking for the disability. A recent high school Individual Education Program (IEP) or
Transitional Plan may be used as documentation, but it must contain a diagnosis and recommendations for accommodations.

6. While awaiting requested supporting documentation, Concord University is under no legal obligation to provide services; however, some reasonable accommodations may be made available at the discretion of the Office of Disability Services and other involved faculty, staff, and administrators. In the event the student claiming disability has never been professionally diagnosed and therefore does not have supporting documentation, Concord University is not obliged to provide or fund the required evaluation. However, the Office of Disability Services may assist the student in locating an appropriate professional to complete the evaluation or refer the student to a Division of Rehabilitation Services office for possible assistance with the evaluation and diagnosis process.

7. Within a week of the submission of documentation of the disability, the Office of Disability Services will provide the student a response granting or denying the requested accommodations and begin coordinating the approved accommodations. Accommodations will be implemented in a reasonable period of time that is specific to the request and, although coordinated by the Office of Disability Services, may be provided by any number of University offices and personnel, including faculty, staff, and administrators, as well as the Office of Disability Services, depending on the nature of the accommodations. When necessary, the Office of Disability Services may make a written referral of the student to other campus offices using the Office of Disability Services Referral Form.

8. All documents, forms, and other written information regarding the student’s disability are considered confidential and will be stored securely in locked file cabinets in the Office of Disability Services. With the written permission of the student (secured on the Office of Disability Services Registration Form), the Office of Disability Services may share with other University personnel only the information necessary for those personnel to provide the requested accommodations and to serve the best interests of the student.

9. If a student believes that the services or accommodations provided or recommended do not meet his/her needs, the student should consult the Concord University Grievance Procedure for Students with Disabilities Covered under Section 504/ADA. Such grievances are processed by the 504/ADA Compliance Officer for students, Dr. Kathryn Liptak, Associate Provost.

NOTE: The University encourages students to request the desired accommodations as early in the semester as possible. In the event the student chooses to delay registering with the Office of Disability Services, providing documentation and/or making a request for accommodations, the University will not provide retroactive accommodations, but will upon the student’s request begin the procedure for approving and implementing future accommodations.

CAMPUS ACCESS PLAN

The Concord University Campus Access Plan allows University community members with a disability meaningful access to services, events, and classes.
The campus 504 Coordinator is Dr. Kathryn Liptak, Associate Provost. She may be reached at telephone number 304-384-5155 or by e-mail: liptakka@concord.edu.

The University Disability Services Coordinator is Ms. Nancy Ellison. The Office of Disability Services is located in room 107 of the Student Center and can be reached by telephone at 1-800-344-6679, extension 6086, or by mail at Campus Box 86, P.O. Box 1000, Concord University, Athens, WV 24712. Ms. Ellison may also be contacted by e-mail: nellison@concord.edu.

SERVICES AND PROGRAMS

1. The majority of campus services and programs are housed in accessible buildings.

2. The following buildings are not accessible to persons with mobility impairment.
   a. Bonner House
   b. Observatory
   c. Mill St. Hall
   d. ALEF House I
   e. ALEF House II

3. The following buildings are partially accessible to persons with mobility impairment:
   a. Carter Center: The elevator in the Carter Center is not ADA-compliant; therefore, access to classrooms on the second floor of the building is limited to only some wheelchairs.

   b. Maintenance Building: Although this building has a ramp, fully accessible bathrooms can be found on the main floor of the Fine Arts Building located next to the Carter Center.

4. If a student with a mobility impairment needs to access a service housed in one of the inaccessible or partially inaccessible buildings, the student should contact the designated responsible person or the campus Disability Coordinator to administer an accommodation that allows the student meaningful access to the service.

5. For each building, the designated responsible person and telephone extension are provided:

6. **Bonner House:** Kathy Ball (Director of Bonner Services) 6009/6080
   **Carter Center:** Kevin Garret (Athletic Director) and 5347
   Angie Proffitt (Administrative Assistant to the Athletic Director) 5440
   **Maintenance Building:** Bill Fraley (Physical Plant Director) 5266
   **Mill Street Hall:** Anna Hardy (Director of Housing and Residence Life) 5231
   **ALEF House I:** Anna Hardy (Director of Housing and Residence Life) 5231
   **ALEF House II:** Anna Hardy (Director of Housing and Residence Life) 5231
When the designated responsible person becomes aware of or is contacted by a student with mobility impairment who needs access to a service housed in a building for which he or she is responsible, that person should work to provide meaningful access by offering the service to that student in an alternate, accessible, and appropriate location. If a confidential reason is needed for meeting space, please contact Nancy Ellison, Disability Services Coordinator, at 6086.

7. If the student’s need for access to the services housed in one of the inaccessible buildings is frequent, regular, and ongoing, serious consideration should be given to the feasibility of a physical modification.

8. Requests for access to services should be addressed immediately, and a solution provided within two working days (except for solutions that require physical modifications).

9. Students with disabilities who anticipate the need for access to services in buildings that are inaccessible or partially inaccessible should make this need known as soon as possible to allow sufficient time for the designated responsible person to develop and implement a method of access.

10. Whenever the designated responsible person cannot promptly and easily identify a method of meaningful access, he or she should coordinate an appropriate response with Nancy Ellison, the campus Disability Services Coordinator at telephone number 304-384-6086, or by mail at Campus Box 86, P.O. Box 1000, Concord University, Athens, WV 24712.

EVENTS
1. Whenever possible, events will be scheduled in rooms and buildings that are accessible to those with disabilities.

2. Posted or distributed notices of events should include the name and number of the campus Disability Services Coordinator, who can arrange accommodations for those with disabilities. Persons with a disability should contact Nancy Ellison, extension 6086, if special accommodations are required for events.

3. The Disability Services Coordinator will give immediate attention to the request for accommodations. Events will be moved to accessible locations, preferential seating will be provided, and/or other reasonable accommodations will be made.

4. Those with a disability who anticipate the need for accommodations at campus events should make this need known as soon as possible to allow sufficient time for accommodations to be developed and implemented.
CLASSES

1. Most classes are held in accessible buildings and areas.

2. If the student selects a class to meet in a location that is physically inaccessible to the student, he/she should certainly register for the class.

3. After registration, students with a disability should immediately deliver a copy of the Registrar’s printout of their schedule to the Associate Provost, A240, on the second floor of Marsh Hall.

4. The Associate Provost’s Office is responsible for arranging classroom locations and will address any physical accessibility issues apparent in the student’s schedule and, if necessary, move classroom locations to accommodate the student.

5. The Associate Provost’s Office will notify the student of any changes in classroom locations and course listing so that any later changes in the classroom locations will not be made without considering the presence of a student with a disability.

6. The student’s timely registration, prompt delivery of the schedule to the Associate Provost’s Office, and notification of any apparent accessibility issues should allow sufficient time for the accommodations to be arranged and prevent later classroom changes that would impede the student’s access to the class.

PROCEDURE FOR ADMINISTERING ACADEMIC ACCOMMODATIONS

1. Any student with a disability requesting academic accommodations must be registered with the Office of Disability Services (ODS), Student Center, ground floor, Room 107.

2. The student requesting accommodations must provide the Office of Disability Services (ODS) documentation to verify the disability diagnosis. Documentation must be from a physician, therapist, vocational rehabilitation counselor, or other professional qualified to make the diagnosis and must meet the following requirements:
   a. Be on letterhead stationery
   b. State the specific diagnosis/disability
   c. Include the professional’s recommendation (if any) for accommodations needed to assist with the academic program
   d. List any medications the student is taking for the disability
   e. Be dated within the past 5 years or from a high school if an IEP

3. ODS will write a memo to faculty members detailing appropriate accommodations. The student is responsible for providing a copy to each professor(s) for whom accommodation is being requested. The professor may meet with the student privately to discuss the accommodations and address any concerns or questions to ODS.
NOTE: (a) student does not have to disclose any details about his/her disability to the faculty member,

(b) the memo does not contain an accommodation ending date because once it is written, it is valid until changed and may be used as-is until the student has graduated or is no longer enrolled at Concord,

(c) concerns must be resolved immediately.

*Faculty must not refuse to provide accommodations; instead, the faculty member should postpone the situation in question (e.g., testing) and discuss his/her concern with ODS.*

4. When a professor announces an upcoming test or the student sees on the syllabus that one is approaching, the student should speak with the professor to remind them of the testing accommodation and the need to deliver a copy of the test to ODS or arrange for alternative testing accommodations. The student must also speak with their disability service provider in ODS to schedule the test.

5. A disability service provider from ODS will contact the professor to confirm the test date, time, and delivery method.

6. The professor is responsible for delivering the test to ODS whether in person or through campus mail, e-mail, or a responsible student worker. The professor should include any instructions important to the administration of the test (for example, what materials, if any, the student may use, such as a dictionary, books, handouts, calculators, etc.).

7. Every effort will be made to administer the test at the same time as it is scheduled for the class, except if the student’s schedule for other classes before and/or after the test would interfere with the accommodation of extra time. The only other exception would be if several other tests have already been scheduled at the same time in ODS, and there is no room for the student to work in a quiet environment. In these cases, the test may be given shortly before or after the regular time.

8. Professional staff in ODS cannot be free to proctor the student throughout the exam continually. However, the student is not allowed to bring his/her backpack or materials (other than those the professor specified as acceptable) into the exam space, and any paper required is provided by ODS. In addition, ODS staff will periodically check on the student during the test, and a camera is used to observe their behavior when not continuously monitored. Any irregularities will be reported to the professor.

9. Once the student has completed the test, ODS will return it to the professor as soon as possible. This will either be in person or a sealed envelope. Professors should notify the disability service provider of any preference in return procedures (for example, under the office door, in the Division mailbox, or with the Division secretary if the professor is unavailable).
10. Professors who prefer to provide the testing accommodations themselves should consult with ODS to ensure that the appropriate accommodations are delivered in a suitable fashion.

**As a final note to both students and professors, we ask for your cooperation in following these procedures. You must remember how many there are of you, and yet only one professional on campus providing this service. With your assistance in fulfilling your responsibilities, we can smoothly meet the University’s obligation to provide special testing accommodations.**

SERVICE AND ASSISTANCE ANIMALS

Concord University is committed to compliance with state and federal laws regarding individuals with disabilities. Members of the University community who seek reasonable accommodation for disabilities should contact the Office of Disability Services, located on the ground floor of the Jerry and Jean Beasley Student Center, Room 107. Students requesting service or assistance animals in the residence halls will also need to communicate with the Office of Housing and Residence Life or Student Affairs to receive permission and plan with the Director of Housing and Residence Life for the animal to reside in University-owned housing.

The following information includes various laws governing service or assistance animals, including definitions of service and assistance animals.

- Title II of the American Disability Act (ADA) applies to state and local governmental entities, including all public colleges/universities, and states that public entities must modify policies, practices, or procedures to permit the use of a service animal by an individual with a disability. Under Title II, a service animal is defined as any dog that is individually trained to do work or perform tasks (directly related to the disability) for the benefit of an individual with a disability, including a physical, sensory, psychiatric, intellectual, or other mental disability. Under Title II, the Department of Justice explicitly states that animals other than dogs are not defined as service animals, except for special provisions permitting miniature horses. Additionally, animals that serve solely as crime deterrents or provide emotional support, comfort, or companionship are not considered service animals under the DOJ’s definition in Title II.

- Title III of the ADA applies to business and nonprofit entities that are “public accommodations,” such as public and private colleges/universities, and states that individuals with disabilities shall be permitted to be accompanied by their service animals in all areas of a place of public accommodation. As in Title II, the definition of a service animal is restricted and does not include animals other than dogs, animals that are not effectively controlled or housebroken, or animals that are emotional support animals.

- Section 504 of the Rehabilitation Act applies to any institution receiving federal financial assistance, which includes nearly all public and private colleges and universities, and states that a college/university may not impose upon a student with disabilities any policy that has the effect of limiting the participation of the student with disabilities in the University’s educational program or activity. The Department of Education’s Office for Civil Rights has adopted the definition of service animal provided by Title II and Title III for its interpretation of Section 504 of the Rehabilitation Act.

- The Fair Housing Act applies to residential “dwellings”, including “any building, structure, or portion thereof which is occupied as, or designed or intended for occupancy as, a residence by
one or more families.” §42 U.S.C. 3602(b) and states that it is unlawful to discriminate against any person in the terms, conditions, or privileges of sale or rental of a dwelling or in the provision of services or facilities in connection with such a dwelling because of a disability of that person. To date, there has not been affirmation by the court system as to whether the FHA applies to residential dormitories as there is legal debate whether “family” includes a single individual according to the legal definition. The FHA applies only to residential dwellings and not to academic, administrative, and common areas on campus.

After reviewing the aforementioned laws, Concord University has developed the following Service and/or Assistance Animal policy:

- With respect to a request for a service or assistance animal, Concord University will determine, on a case-by-case basis, and under applicable laws and regulations, whether such animal is a reasonable accommodation on campus. In doing so, the University must balance the needs of the individual with the impact of the animal on other campus community members.

- Where it is not clear that an animal is a service animal as defined by the ADA, Concord may require sufficient information and documentation to determine whether the animal qualifies as a service or assistance animal under disability legislation. The University may require any or all of the following:

  1) Documentation from a treating physician or mental health provider showing that the service or assistance animal is required for the student to be successful in completing his/her degree requirements, including how the animal assists the student.
  2) Documentation detailing or verifying the appropriate training of the service or assistance animal.
  3) Documentation from a veterinarian that the animal is current on vaccinations and all veterinary care, including flea and tick control.
  4) Documentation that said veterinary care is kept up to date throughout the animal’s residency on campus.

For assistance animals that do not meet the requirements stated by Title II and Title III of ADA legislation but which might meet requirements under the Fair Housing Act and have been approved by the Director of Housing & Residence Life, the following policy will be enforced:

- Assistance animals will be permitted only in the residence hall in which the approved student resides and must be harnessed, leashed, or tethered when not in the resident’s individual room. Assistance animals will not be permitted in academic buildings, administrative buildings, or residence halls in which they do not reside.

- In order to ensure the safety of others as well as the animal, assistance animals must be harnessed, leashed, or tethered at all times on University Property, with the exception of the resident’s individual room. Assistance animals must also be kept in a cage or carrier in the room when the student is not present in the room.
For all residential students who are approved to have service or assistance animals living in their residence hall room, the following guidelines will be enforced.

Residents with service or assistance animals may be required to pay the additional private room fee unless they can provide a roommate who agrees to share a room with the service or assistance animal.

Residents may be subject to monthly health and safety inspections, in addition to the regular bi-semester inspections.

Residents with service or assistance animals will be required to complete additional documentation with the Office of Residence Life Staff as mentioned above.

Residents must read and sign the Service/Assistance Animal in Residence Hall Agreement.

CONCORD UNIVERSITY GRIEVANCE PROCEDURE FOR STUDENTS WITH DISABILITIES COVERED UNDER SECTION 504/ADA

An internal grievance procedure provides for prompt and equitable resolution of complaints alleging any action prohibited by the Americans with Disabilities Act (ADA) and by the Department of Education regulations implementing Section 504 of the Rehabilitation Act of 1973, as amended (29 U.S.794). Section 504 states, in part, that “no otherwise qualified handicapped individual shall, solely by reason of his handicap, be excluded from the participation in, be denied the benefits of, or be subject to discrimination under any program or activity receiving federal financial assistance.”

Campus Process
Student-related 504/ADA complaints should be addressed to the Associate Academic Dean, P.O. Box 1000, Concord University, Athens, West Virginia, 24712-1000 (304-384-5241), who has been designated administrative responsibility for student-related 504/ADA compliance efforts.

1. A complaint should be filed in writing or verbally, contain the name, address, and contact information of the person filing it, and briefly describe the alleged violation of the regulations.

2. A complaint should be filed within 30 working days after the complainant becomes aware of the alleged violation. (Processing allegations of discrimination that occurred before this grievance procedure was in place will be considered on a case-by-case
3. An investigation, as may be appropriate, will follow a filing of the complaint. The investigation will be conducted by the Associate Academic Dean or his/her designee(s). These rules contemplate informal but thorough investigations, affording all interested persons and their representatives, if any, an opportunity to submit evidence relevant to a complaint.

4. A written determination as to the validity of the complaint and a description of the resolution, if any, will be issued by the investigator and a copy forwarded to the complainant within 30 working days after its filing unless the investigation is delayed by special circumstances beyond the University’s control.

5. The Associate Academic Dean will maintain the files and records of Concord University relating to the complaints filed.

6. The complainant can request a reconsideration of the case in instances where he or she is dissatisfied with the resolution. The request for reconsideration should be made within 20 working days to Dr. Kendra Boggess, President of Concord University.

7. The right of a person to a prompt and equitable resolution of the complaint filed hereunder will not be impaired by the person’s pursuit of other remedies, such as the filing of Section 504 or ADA complaints with a federal or state department or agency. Using this grievance procedure is not a prerequisite to the pursuit of other remedies, although complainants are encouraged to make use of internal resolution processes at the campus level.

8. These rules will be construed to protect the substantive rights of the interested persons, meet appropriate due process standards and assure that Concord University complies with the ADA, Section 504, and their implementing regulations.

**External Process**
The United States Office for Civil Rights (OCR) is the federal agency responsible for addressing complaints related to discrimination on the basis of disability. Complaints must be filed in a timely manner with OCR. The U.S. Office for Civil Rights can be reached by phone at (215) 596-6772 (Voice) or 596-6794 (TTY). OCR’s policies and procedures may change over time, so please contact the regional office directly with questions and for deadlines for filing.

**Helpful Techniques**

Effective techniques for problem resolution involve clearly stating the problem and expected outcomes and identifying those who can assist with the issue. Be certain that you have focused your concerns around issues that can be addressed. Furthermore, analyze alternative solutions to determine those that are acceptable and unacceptable. Articulate the reasons for the choices you
In situations that are heavy with emotion, it is often helpful to write an outline of concerns so that you have a clear focus on the issues you are trying to resolve. Keep summary notes on your interactions in order to more accurately recall the sequence of events related to the situation.

**FAMILY EDUCATIONAL RIGHTS AND PRIVACY ACT (FERPA)**
(from 2022-2023 Concord University Academic Catalog)

The Family Educational Rights and Privacy Act or FERPA is a federal law that affords students certain rights concerning their educational records. These rights include:

1. The right to inspect and review the student’s education records within 45 days of the day the university receives a request for access. Students must submit written requests to our office that identify the record(s) they wish to inspect. The university official will make arrangements for access and notify the student of the time and place where the records may be inspected. If the records are not maintained by the university official to whom the request was submitted, that official shall advise the student of the correct official to whom the request should be addressed.

2. The right to request the amendment of the student’s education records that the student believes are inaccurate or misleading. Students may ask the university to amend a record that they believe is inaccurate or misleading. They should write the university official responsible for the record, clearly identify the part of the record they want to be changed, and specify what it is inaccurate or misleading. If the university decides not to amend the record as requested by the student, the university will notify the student of the decision and advise the student of his or her right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the student when notified of the right to a hearing.

3. The right to consent to disclosures of personally identifiable information contained in the student’s education records, except to the extent that FERPA authorizes disclosure without consent. One exception which permits disclosure without consent is disclosure to school officials with legitimate educational interests or concerns of health and safety. A school official is a person employed by the university in an administrative, supervisor, academic or research, or support staff position (such as health staff); a person or company with whom the university has contracted (such as an attorney, auditor, or collection agent); a person serving on the Board of Governors; or a student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.

4. The right to file a complaint with the U.S. Department of Education concerning alleged failures by Concord to comply with the requirements of FERPA.

**Directory Information:** FERPA allows for the designation of certain academic record information as “directory information” [academic record information not requiring written permission prior to...
Concord defines directory information as follows:

• Student’s name
• Local and Permanent address
• Telephone Number(s)
• Major field of study (including second majors, minors, etc.)
• Whether a student is currently enrolled
• Enrollment status (full-time, half-time, etc.)
• Class (freshman, sophomore, etc.)
• Academic level (associate, undergraduate, graduate, professional)
• Anticipated graduation date
• Certification of application for degree
• Dates of enrollment
• Degree(s) earned, including date, honors, and level of distinction
• Participation in officially recognized activities and sports
• Weight and height of members of athletic teams

Directory information will be withheld if requested by the student. To withhold directory information, the student should contact the University Registrar’s Office, Room A-202, Marsh Hall, 304-384-5236.

FERPA DISCLOSURE

The Family Educational Rights and Privacy Act (FERPA) requires that the student authorize the University prior to the release of any academic record information to a third party. Students may consent to disclose educational records to third parties at their discretion. Consent is limited to particular instances, as allowed by the student and by law. To facilitate the consent process, students may complete an electronic FERPA release, granting consent to third parties. Students are encouraged to sign FERPA releases in advance for individuals who may need continuous permission, including parents; spouses; legal dependents; employers; and third-party agencies that may need financial aid or grade information. Students may rescind consent or change the type of information to be released through the same process as permitting consent. To allow the release of information electronically, students should follow the steps below:

1. Log into MyCU (http://mycu.concord.edu)
2. Click on FERPA Release
3. Enter your Username and Password
4. Complete the form, assigning a PIN number for the individuals to whom you are granting permission for the release of your indicated university information
5. Provide the PIN number to the person(s) to whom you are allowing information access.

NOTE: Information will not be released to an authorized individual without the person knowing the PIN. This is for your protection.

Concord University will release academic information on tax-dependent students to their parents. This requirement is allowable with the guidelines of FERPA. Documentation must be presented prior to the information being shared. Any records obtained by a campus police unit are not considered
confidential since police activity is a matter of public record. Persons employed by the University may view a student’s educational records without prior consent. These officials are required to keep any information gleaned from such records confidential from unauthorized parties.

In disciplinary proceedings where a violent crime or non-forcible sex offense (including sexual harassment) has been committed, the University may disclose the result to the victim. The University may also disclose the name, offense, and sanction received by a guilty student to the public.

**Required Demographic Information**

Concord University procedures require the annual collection of specific demographic data for each student: local mailing address and emergency contact confirmation.

**PROCEDURE REGARDING EMERGENCIES AT CONCORD UNIVERSITY**

Concord University recognizes that one of its primary responsibilities is protecting the health, welfare, and safety of its students, staff, faculty, and visitors. Toward this end, Concord exercises every practical means to prevent emergencies from occurring. However, since emergencies still may occur, the University has established procedures for specific types of crises.

Although the general safety of the University community is primarily monitored by the Office of Public Safety and University Police staff, administrative and supervisory personnel, all members of the University community must cooperate if this responsibility is to be fully met.

The University expects everyone in the University community to support its efforts to provide a safe, orderly, healthful environment. Such support is required for maximum safety and security. Therefore, Concord will not tolerate any act that interferes in any way with its efforts to provide for the general safety of the University community.

The University will exercise appropriate disciplinary measures, including civil/criminal prosecution, against anyone who intentionally creates an emergency, deliberately creates a false emergency, or renders any fire alarm system or safety equipment inoperative. In addition, the University will apply the same measures to anyone who interferes with or fails to cooperate with university personnel at all levels or public safety personnel during the process of dealing with an emergency or when implementing any emergency procedure.

**EVACUATION PROCEDURES FOR STRUCTURAL FIRES**

1. Always heed the fire alarm. If you don’t, you’re risking your life and others who may need to rescue you.

2. Know at least two escape routes.

3. Only take personal items (e.g., cellphones, purses, etc.)
4. When exiting a room, close the door behind you. Walk calmly but quickly to the nearest emergency exit.

5. If there is a fire and no alarm, pull the closest fire alarm on your way out.

6. If the hallway is filled with smoke, drop low to the ground, cover your nose and mouth with a damp cloth, if possible, and crawl quickly to the nearest exit. If the smoke is overwhelming or fills the entire hallway, return to and remain in your room and follow the procedures in the section below.

7. Never use the elevator during a fire alarm; always use the stairs.

8. Always ask someone requiring additional assistance how you can help before attempting any emergency evacuation assistance. Ask how he/she can be best assisted or moved and whether there are any special considerations or items that need to come with the person.

9. Proceed to the designated Emergency Assembly Area as instructed by Emergency Personnel.

10. Faculty in active classes should conduct a headcount of students while in EAA.

11. Never reenter a building for any reason; wait until you get the “all clear” from the CUPD, University stage member (i.e., housing, maintenance, etc.), or fire department. If you are not able to get out due to thick smoke and fire, you will need to “shelter in place.”

12. If you are able, move to a room with an outside window.

13. Call 911 if possible and let them know where you are trapped.

14. Block the cracks around the door to prevent smoke from coming in.

15. Stay by a window where rescuers can see you; rescue in large buildings may take some time.

ACTIVE SHOOTER SITUATIONS
Response to an Active Shooter:

1. If in a room, lockdown and collect information. If possible, evacuate; if not, attempt to further secure the room.

2. If outside, move off-campus and continue to move away from the threat until you feel safe. Remain off campus until Emergency Personnel advise you it is safe to return.

3. Do not use your vehicle. This may result in a traffic jam and will slow the Emergency Personnel response time.
4. If you are in the immediate area, contact 911 with the information (location and description of the shooter).

For training in Active Shooter Situations, visit the Alice Training Institute at www.alicetraining.com. The Office of University Police Department (304-384-5357) will schedule a class for your group/organization.

CONCORD UNIVERSITY TOBACCO USE

Tobacco use, including smokeless tobacco and vaping products, is prohibited in all areas of campus. There is no designated tobacco use areas.
