June is the **sixth month of the year**, according to the Julian and Gregorian calendars. The name of the month comes from the Roman goddess Juno, who was the wife of Jupiter. She was the goddess of marriage. This month is special because it has the longest day hours in the Northern Hemisphere and the longest night hours in the Southern Hemisphere.

**THANK YOU NOTE ETIQUETTE**

Send thank you notes as quickly as possible. Always make specific reference to the gift or gesture for which you're thanking the person. For example, "Thank you so much for the blue sweater. How did you know that was my favorite color?"

Letters may be sent on informal writing paper, except for wedding thank you notes, which are generally on formal stationery.

Always send thank you notes in the following situations:

- For gifts received by mail
- For gifts received during a hospital stay
- For notes or gifts of congratulations (such as graduation)
- For sympathy cards or flowers
