The Bachelor of Science in Athletic Training degree prepares students for entry into the athletic training profession. Students are presented with the classroom knowledge, hands-on skills, and practical experiences to assist them in achieving satisfying careers and making positive contributions to their profession and communities. The Athletic Training Program (ATP) at Concord University is currently accredited by the Commission on Accreditation of Athletic Training Education (CAATE). The program utilizes a continuum of didactic and clinical experiences, as set forth in the CAATE Standards for the accreditation of entry level ATPs, and to appropriately prepare the student as an entry-level Certified Athletic Trainer.

Upon successful completion of the program, students will have the knowledge base and clinical skills required for challenging and passing the Board of Certification (BOC) Examination.
