

This degree gives students the opportunity to design a course of study that includes music as an important component of their career or professional goals. This degree can lead to fulfilling careers in fields such as independent music teaching, arts management, music theatre, and music entrepreneurship. In addition to studies in music, students choose one or more complementary academic disciplines to fulfill their career goals including pre-approved tracks in theatre, public relations, and business administration. Students also have the option to work with a faculty member to design additional areas of study.

PRE-APPROVED TRACKS

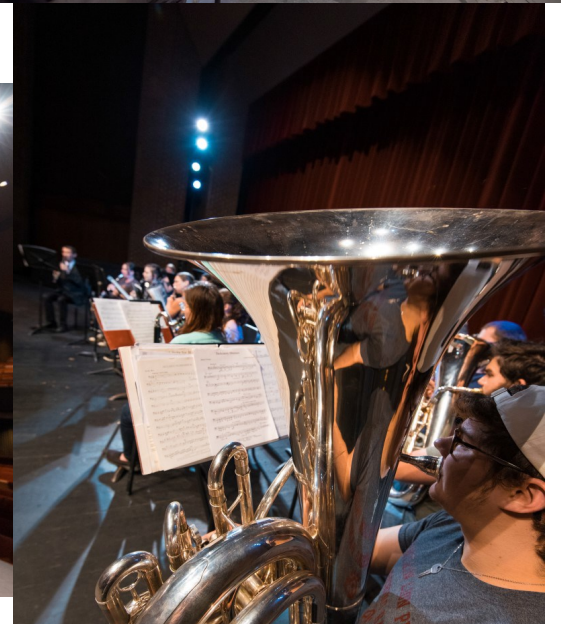

Business Administration
Public Relations
Theater

POTENTIAL CAREERS:

Arts Management
Independent Music Teaching
Music Entrepreneurship
Music Theater

*Start one of the pre-approved tracks, or work with us to develop your **own** plan of study*
