* Refer to Section 8 of the Fall 2011 CLA Overview for the percentile rank lookup tables.

** Entering Academic Ability (EAA) represents SAT Math + Verbal, ACT Composite, or Scholastic Level Exam (SLE) scores reported on the SAT scale.

*** Average percentages across schools are not reported by transfer status because institutions do not necessarily define freshmen transfers the same.

4

Distribution of Subscores

Figure 4 displays the distribution of your students' performance in the subscore categories of Analytic Reasoning and Evaluation, Writing Effectiveness, Writing Mechanics, and Problem Solving. The numbers on the graph correspond to the percentage of *your* students that performed at each score level. The distribution of subscores across *all* schools is presented for comparative purposes. The score levels range from 1 to 6. Note that the graphs presented are not directly comparable due to potential differences in difficulty among task types and among subscores. For example, it may be more difficult to obtain a high score in Writing Effectiveness on the Performance Task than it is on the Make-an-Argument. Within a task, it may be easier to obtain a high Writing Mechanics score than it is to obtain a high Analytic Reasoning and Evaluation score. See the *Diagnostic Guidance* and *Scoring Criteria* sections of the Fall 2011 CLA Overview for more details on the interpretation of subscore distributions.
