It was also nearby to where family members reside.

Variety of factors such as cost and size being the biggest two, but the campus is small easy to navigate, and very beautiful. I do wish the school, and or town offered more for the students, but I understand limitations. Although for the future success of the school the school needs to get the city of Athens to bring in businesses to cater to the students, food, game rooms, bar, anything. School was also close to home so that could continue to work and help my mother.

The convenience of online classes while working full time.

Concord was not real close to home, however, it was less than a hour away.
