©MILESTONE COURSES
Courses marked as Milestone Courses are crucial for staying on track to complete your degree in four years. Take them in the recommended semester to stay on track! If you see a recommended minimum grade, this is the grade you need to earn to have the best chance for success in this degree! Grades marked with an asterisk are required to pass.

## LANDMARKS

Points where you see a landmark icon on the four-year plan indicate you have reached a point of action outside regular coursework! See the Helpful Hints for information on each landmark.

## Helpful Hints

- Semesters 1-4—Students can choose to start with the biology course sequence or the chemistry course sequence. Students are encouraged to complete one sequence prior to beginning another.
- Semesters 1-2-Students can take GEOL 101 and PHYS 105 in either semester.
- MATH 103 \& 104 may be waived for students based on SAT/ACT scores. Work with your advisor for appropriate placement.
- Semester 3-EDUC 210 and EDSP 303 must be taken concurrently.
- Semester 3 Landmark—Students should take the Praxis Core no later than this semester. Core Praxis prep course available-see your advisor.
- Semester 4—EDUC 301 and 305 must be taken concurrently.

## ADVISING

When you choose to pursue this degree, you will be assigned two advisors: one who is an expert in the field of General Science and one who is an expert in the field of Education. These advisors can help you with course selection, career planning, resume building, and help you with tracking your path to degree completion.

## CAREERS

This degree prepares teacher candidates to teach grade 5-Adult students. Graduates of the Teacher Education Program are eligible for licensure in West Virginia, and in other states through reciprocal agreements.

## Helpful Hints

- Semester 4 Landmark—At this point, you have taken all the necessary coursework to apply to the Teacher Education Program. Note-candidates must have a 2.5 GPA to apply. Check out the application process online!
- Semesters 3-5—Students can take BIOL 201 and CHEM 210 in either semester.
- Semesters 5 \& 6-Students may take PHYS $201 \& 202$ in place of PHYS $101 \& 102$.
These should be taken during Semesters 4 \& 5, adjusting General Education Courses appropriately.
- Classes with field placements include: EDUC 210, EDUC 305, EDUC 306, and EDSP 409.
- Courses marked with an asterisk (*) require admission to the Teacher Education Program.
- Semester 6 Landmark-Students should take PLT and Praxis II during this semester.
- Semesters 7 \& 8-Year-Long Residency. The general science program participates in a year-long residency model. This model enables teacher candidates to spend a year in the same classroom with the same students and cooperating teacher. This model has proven to deepen the professional relationships within the school as well provide teacher candidates with more practical experiences over longer periods to of time. Our candidates report feeling more effective and confident during their first year of teaching.
