Additional Comments

She is one of the best beginning teachers I have seen in my entire 20+ years in education.

Ms. W. has been a wonderful addition to our school team. My only recommendation is I do not feel it is advisable for a beginning teacher to be in a master's program during the first year of teaching. Ms Wallace has been trying to navigate her first year of teacher along with an administrative program, which is just not advisable. Most admin programs do not enroll students until they have had at least 3 to 5 years of successful teaching, and this is likely the reason.

She is a FANTASTIC teacher and teacher leader!
